Notification No. 9515—*Ex. F.* 1-1901, *dated 17th December* 1901.

Tenders in the form hereunto appended are hereby invited for the exclusive privilege of the manufacture of Arrack and other Country Spirits for the territories of Mysore, inclusive of the Civil and Military Station of Bangalore, for a period of five years from **1st July 1902 to 30th June 1907.**

2. The contract for the Civil and Military Station of Bangalore is included in this Notification with the permission of the Honorable the Resident in Mysore.

3. The privilege for which tenders are now invited will be conceded subject to the conditions specified in para 8 of this Notification, and to the Excise Laws passed by the Government of Mysore, and to the Excise Law in force for the time being within the Civil and Military Station of Bangalore. It will not include the manufacture or sale of Toddy, or of "Foreign Spirits and Foreign Fermented Liquors," or of Country Beer.

4. The quantity of Arrack required is estimated at between 31,000 and 35,000 gallons a month, the quantity actually issued from the Bangalore Distillery in the year 1900-01 having been 363,723 gallons. No quantity is however guaranteed to the manufacturer, who is bound by actual requirements, be the same more or less than the estimated quantity.

5. Tenderers must specify the lowest rate per gallon of 20° under-proof separately for jaggory arrack and for molasses arrack at which they offer to supply during the whole period of the contract. The price thus tendered for and accepted by Government shall be the price at which Arrack of 20° under-proof will be sold by the manufacturer to separate shop-keepers and to renters of vend farms, during the currency of the contract granted under this Notification. For double-distilled or rectified spirits and other special liquors of greater or lesser strength than 20° under-proof, which may be specially manufactured and issued with the approval of the Government, the manufacturer as well as the persons entitled to vend the same will be allowed to fix their own prices; but for single-distilled spirits of greater or lesser strength than 20° under-proof, the price chargeable by him will be according to such strength proportionately on the rate fixed for Arrack 20° under-proof in accordance with Casella's Rules.

6. Each tender must be accompanied by a deposit of **Rs. 5,000** in cash, or in Government securities, duly endorsed in favor of "The Dewan of Mysore," and enclosed in a cover superscribed with the words "Tender for the exclusive privilege of the Manufacture of Arrack," and must be sent to the **Excise Commissioner at Bangalore** so as to reach him before noon on Monday the **10th February 1902**, after which date no tender will be received. The tenders will be opened by the Excise Commissioner at his office in **Bangalore** at 12 o'clock noon on the **10th February 1902**, in the presence of the applicants who may be present. The final disposal of the tenders will rest with the Government, who reserve to themselves full power to reject any or all of the tenders without assigning any reason. The deposits made by the applicants whose tenders are rejected, will be returned to them on their application.

7. The applicant, whose tender may be finally accepted by the Government, shall, within eight days of the acceptance of his tender being communicated to him, deposit at the Huzur Treasury, Bangalore, a further sum in cash, or in Government securities, duly endorsed in favor of "The Dewan of Mysore," to make up with the deposit previously made, the sum of **Twenty-five Thousand Rupees**, and shall execute an agreement, in the prescribed form on proper stamp, offering as additional security all his apparatus and stock and block in the Distillery, and binding himself to conform to the conditions hereinafter set forth, and if he fails or refuses to sign the agreement, or to make the deposit required, the deposit already made by him will be forfeited to Government, and the contract otherwise disposed of.

8. The contract for which tenders are now invited shall be subject to the following conditions, namely:—

I. The contractor will be required to manufacture arrack and other country spirits within the enclosure of the Government Distillery near Bangalore, or at such other place as may be approved by the Government. For the use of the Distillery buildings near Bangalore and the arrangements existing in connection with the water-supply, the contractor shall pay rent to Government at Rs. 500 *per mensem*. Such improvement or addition to the said buildings or water-supply as may be approved by the Government will be carried out at Government cost subject to the payment by the contractor of such additional rent or rate as may be fixed by Government: and such repairs, to the Distillery buildings and channels as may be pointed out by the Executive Engineer, shall also be promptly executed by the contractor provided the annual cost of such repairs does not exceed 50 rupees.

II. The contractor will be required to keep in store at the Central Distillery, ordinarily a supply sufficient for a month's consumption, (31,000 gallons at the present rate of consumption) and *never less* than 18,000 gallons of admissible spirits in terms of 20° under-proof.

III. The contractor will be allowed to purchase Arrack and other country spirits from any Sugar Factory which may be established in Mysore, and which may be authorized by Government to distil Arrack and other country spirits. Should the contractor himself establish a Sugar Factory and distil Arrack and other country spirits therein, with the permission of the Government, he will be bound to keep in stock at such factory such quantities of Arrack and other country spirits, as may be fixed by Government.

IV. The spirits manufactured shall be of good quality, distilled water only being invariably used at the Distillery under the supervision of the Senior Officer in charge of the Distillery for reducing strong spirits to the authorized strength. The articles used in distilling shall be approved by the said officer. No ingredients obnoxious to health shall be used in distilling or put into the arrack or other country spirit or special liquor after it has been manufactured. The spirits manufactured shall not be adulterated or diluted.

V. In outlying tracts where, owing to small consumption or other causes, there is reason to suspect illicit distillation, Government will be at liberty to establish out-stills, after giving the contractor the first refusal of so doing.

VI. (1) The contractor shall, upon receipt by him of price at the rate fixed by his contract, sell the arrack at the Government Distillery or other place where he may be allowed to manufacture the same. Such sales shall only be—

1st. For the supply of such Bonded Depôts as Government may, from time to time, establish and maintain;

2nd. To separate shop-keepers licensed to sell in the Cities of Bangalore and Mysore and Kolar Gold Fields and in other places to which the Separate Shop System has been or may be extended;

3rd. To renters of Vend Farms to whom the Government may sell the right to vend Arrack in defined tracts;

4th. For the supply of the Government Excise Depôt in the Civil and Military Station of Bangalore in compliance with indents received from the Superintendent of Excise, Civil and Military Station, through the Senior Officer in charge of the Distillery. Arrack supplied to the Civil and Military Station will not be paid for in advance but once a fortnight on receipt of bills from the contractor to be submitted to the Collector, Civil and Military Station, through the said Superintendent of Excise.

(2) The contractor shall have no interest in the retail vend of Arrack.

(3) The contractor shall sell double-distilled or rectified spirits and other special liquors manufactured by him to the licensees for the vend of "Foreign Spirits and Foreign Fermented Liquors" other than *draught* Foreign Malt Liquors. He shall also sell the same to Bonded Depôts and to Hospitals and other public institutions, on the Excise Commissioner's requisition.

No spirit shall be allowed to be removed from the Government Distillery, or other authorized place of manufacture, or from a Bonded Depôt, unless the purchaser produces a Treasury receipt for the amount of duty paid therefor.

NOTE.—This condition does not apply to removal of arrack for the supply of the Government Excise Depôt in the Civil and Military Station for which no Treasury receipt will be required.

VII. The contractor shall be bound to conform to the provisions of the Excise Laws for the time being in force in the Territories of Mysore and in the Civil and Military Station of Bangalore; and he shall see that all his employees give full effect to them.

VIII. The out-going contractor shall give and the in-coming contractor shall take over, any Arrack or other Country Spirits and Special Liquors not exceeding a month's supply, which may remain as stock in hand on the last day of the expiring contract, the latter paying the former for the same such value as may be fixed by the Excise Commissioner.

IX. Should the in-coming contractor or the Excise Commissioner so require by at least one week's previous notice in writing, the out-going contractor shall cease preparing "Wash" during the last month of the expiring contract, and vacate the buildings so as to admit of the in-coming contractor commencing operations. Should no such notice be given, the out-going contractor may continue distilling till the end of his contract, after which further distillation by him must cease. The in-coming contractor shall issue arrack and other country spirits and other special liquors from the Distillery to Bonded Depôts if so required by the Excise Commissioner in sufficient time (not exceeding two weeks prior to the commencement of his contract) to have his supply ready in all Bonded Depôts for issue from the 1st July of the first year of his contract.

X. The out-going contractor shall sell, and the in-coming contractor shall buy, all apparatus and stock and block belonging to the former at the Government Distillery near Bangalore, or other authorized place of distillation for a fair and equitable

price to be fixed by the Excise Commissioner calculating the original cost and deducting therefrom such portion of it on account of depreciation as may be considered reasonable. Timely notice of the price thus fixed will be given to the outgoing contractor, and to intending tenderers by a notification duly published in that behalf.

XI. Improvements of a permanent nature shall be retained and shall not be disturbed except with the approval of the Executive Engineer.

XII. In case of a breach of any of the above conditions, Government will be at liberty to cancel the contract and to declare the deposit made by the contractor and all his apparatus and stock and block, forfeited and also to recover from the defaulting contractor such further loss as may be occasioned by such breach.

9. The following items of information are appended :—

Notification No. 9515—*Ex. F.* 1-1901, *dated 17th December* 1901.

Tenders in the form hereunto appended are hereby invited for the exclusive privilege of the manufacture of Arrack and other Country Spirits for the territories of Mysore, inclusive of the Civil and Military Station of Bangalore, for a period of five years from **1st July 1902 to 30th June 1907.**

2. The contract for the Civil and Military Station of Bangalore is included in this Notification with the permission of the Honorable the Resident in Mysore.

3. The privilege for which tenders are now invited will be conceded subject to the conditions specified in para 8 of this Notification, and to the Excise Laws passed by the Government of Mysore, and to the Excise Law in force for the time being within the Civil and Military Station of Bangalore. It will not include the manufacture or sale of Toddy, or of "Foreign Spirits and Foreign Fermented Liquors," or of Country Beer.

4. The quantity of Arrack required is estimated at between 31,000 and 35,000 gallons a month, the quantity actually issued from the Bangalore Distillery in the year 1900-01 having been 363,723 gallons. No quantity is however guaranteed to the manufacturer, who is bound by actual requirements, be the same more or less than the estimated quantity.

5. Tenderers must specify the lowest rate per gallon of 20° under-proof separately for jaggory arrack and for molasses arrack at which they offer to supply during the whole period of the contract. The price thus tendered for and accepted by Government shall be the price at which Arrack of 20° under-proof will be sold by the manufacturer to separate shop-keepers and to renters of vend farms, during the currency of the contract granted under this Notification. For double-distilled or rectified spirits and other special liquors of greater or lesser strength than 20° under-proof, which may be specially manufactured and issued with the approval of the Government, the manufacturer as well as the persons entitled to vend the same will be allowed to fix their own prices; but for single-distilled spirits of greater or lesser strength than 20° under-proof, the price chargeable by him will be according to such strength proportionately on the rate fixed for Arrack 20° under-proof in accordance with Casella's Rules.

6. Each tender must be accompanied by a deposit of **Rs. 5,000** in cash, or in Government securities, duly endorsed in favor of "The Dewan of Mysore," and enclosed in a cover superscribed with the words "Tender for the exclusive privilege of the Manufacture of Arrack," and must be sent to the **Excise Commissioner at Bangalore** so as to reach him before noon on Monday the **10th February 1902**, after which date no tender will be received. The tenders will be opened by the Excise Commissioner at his office in **Bangalore** at 12 o'clock noon on the **10th February 1902**, in the presence of the applicants who may be present. The final disposal of the tenders will rest with the Government, who reserve to themselves full power to reject any or all of the tenders without assigning any reason. The deposits made by the applicants whose tenders are rejected, will be returned to them on their application.

7. The applicant, whose tender may be finally accepted by the Government, shall, within eight days of the acceptance of his tender being communicated to him, deposit at the Huzur Treasury, Bangalore, a further sum in cash, or in Government securities, duly endorsed in favor of "The Dewan of Mysore," to make up with the deposit previously made, the sum of **Twenty-five Thousand Rupees**, and shall execute an agreement, in the prescribed form on proper stamp, offering as additional security all his apparatus and stock and block in the Distillery, and binding himself to conform to the conditions hereinafter set forth, and if he fails or refuses to sign the agreement, or to make the deposit required, the deposit already made by him will be forfeited to Government, and the contract otherwise disposed of.

8. The contract for which tenders are now invited shall be subject to the following conditions, namely :—

I. The contractor will be required to manufacture arrack and other country spirits within the enclosure of the Government Distillery near Bangalore, or at such other place as may be approved by the Government. For the use of the Distillery buildings near Bangalore and the arrangements existing in connection with the water-supply, the contractor shall pay rent to Government at Rs. 500 *per mensem*. Such improvement or addition to the said buildings or water-supply as may be approved by the Government will be carried out at Government cost subject to the payment by the contractor of such additional rent or rate as may be fixed by Government; and such repairs, to the Distillery buildings and channels as may be pointed out by the Executive Engineer, shall also be promptly executed by the contractor provided the annual cost of such repairs does not exceed 50 rupees.

II. The contractor will be required to keep in store at the Central Distillery, ordinarily a supply sufficient for a month's consumption, (31,000 gallons at the present rate of consumption) and *never less* than 18,000 gallons of admissible spirits in terms of 20° under-proof.

III. The contractor will be allowed to purchase Arrack and other country spirits from any Sugar Factory which may be established in Mysore, and which may be authorized by Government to distil Arrack and other country spirits. Should the contractor himself establish a Sugar Factory and distil Arrack and other country spirits therein, with the permission of the Government, he will be bound to keep in stock at such factory such quantities of Arrack and other country spirits, as may be fixed by Government.

IV. The spirits manufactured shall be of good quality, distilled water only being invariably used at the Distillery under the supervision of the Senior Officer in charge of the Distillery for reducing strong spirits to the authorized strength. The articles used in distilling shall be approved by the said officer. No ingredients obnoxious to health shall be used in distilling or put into the arrack or other country spirit or special liquor after it has been manufactured. The spirits manufactured shall not be adulterated or diluted.

V. In outlying tracts where, owing to small consumption or other causes, there is reason to suspect illicit distillation, Government will be at liberty to establish out-stills, after giving the contractor the first refusal of so doing.

VI. (1) The contractor shall, upon receipt by him of price at the rate fixed by his contract, sell the arrack at the Government Distillery or other place where he may be allowed to manufacture the same. Such sales shall only be—

1st. For the supply of such Bonded Depôts as Government may, from time to time, establish and maintain;

2nd. To separate shop-keepers licensed to sell in the Cities of Bangalore and Mysore and Kolar Gold Fields and in other places to which the Separate Shop System has been or may be extended;

3rd. To renters of Vend Farms to whom the Government may sell the right to vend Arrack in defined tracts;

4th. For the supply of the Government Excise Depôt in the Civil and Military Station of Bangalore in compliance with indents received from the Superintendent of Excise, Civil and Military Station, through the Senior Officer in charge of the Distillery. Arrack supplied to the Civil and Military Station will not be paid for in advance but once a fortnight on receipt of bills from the contractor to be submitted to the Collector, Civil and Military Station, through the said Superintendent of Excise.

(2) The contractor shall have no interest in the retail vend of Arrack.

(3) The contractor shall sell double-distilled or rectified spirits and other special liquors manufactured by him to the licensees for the vend of "Foreign Spirits and Foreign Fermented Liquors" other than *draught* Foreign Malt Liquors. He shall also sell the same to Bonded Depôts and to Hospitals and other public institutions, on the Excise Commissioner's requisition.

No spirit shall be allowed to be removed from the Government Distillery, or other authorized place of manufacture, or from a Bonded Depôt, unless the purchaser produces a Treasury receipt for the amount of duty paid therefor.

NOTE.—This condition does not apply to removal of arrack for the supply of the Government Excise Depôt in the Civil and Military Station for which no Treasury receipt will be required.

VII. The contractor shall be bound to conform to the provisions of the Excise Laws for the time being in force in the Territories of Mysore and in the Civil and Military Station of Bangalore; and he shall see that all his employees give full effect to them.

VIII. The out-going contractor shall give and the in-coming contractor shall take over, any Arrack or other Country Spirits and Special Liquors not exceeding a month's supply, which may remain as stock in hand on the last day of the expiring contract, the latter paying the former for the same such value as may be fixed by the Excise Commissioner.

IX. Should the in-coming contractor or the Excise Commissioner so require by at least one week's previous notice in writing, the out-going contractor shall cease preparing "Wash" during the last month of the expiring contract, and vacate the buildings so as to admit of the in-coming contractor commencing operations. Should no such notice be given, the out-going contractor may continue distilling till the end of his contract, after which further distillation by him must cease. The in-coming contractor shall issue arrack and other country spirits and other special liquors from the Distillery to Bonded Depôts if so required by the Excise Commissioner in sufficient time (not exceeding two weeks prior to the commencement of his contract) to have his supply ready in all Bonded Depôts for issue from the 1st July of the first year of his contract.

X. The out-going contractor shall sell, and the in-coming contractor shall buy, all apparatus and stock and block belonging to the former at the Government Distillery near Bangalore, or other authorized place of distillation for a fair and equitable

price to be fixed by the Excise Commissioner calculating the original cost and deducting therefrom such portion of it on account of depreciation as may be considered reasonable. Timely notice of the price thus fixed will be given to the outgoing contractor, and to intending tenderers by a notification duly published in that behalf.

XI. Improvements of a permanent nature shall be retained and shall not be disturbed except with the approval of the Executive Engineer.

XII. In case of a breach of any of the above conditions, Government will be at liberty to cancel the contract and to declare the deposit made by the contractor and all his apparatus and stock and block, forfeited and also to recover from the defaulting contractor such further loss as may be occasioned by such breach.

9. The following items of information are appended:—

The rates of still-head duty and retail price of single distilled spirits of greater or less strength than 20° under-proof, will be calculated proportionately upon the rates for 20° under-proof, in accordance with Casella's Rules. Government reserve to themselves the power of altering the rates of duty and price, it being distinctly understood that the manufacturing contractor shall not be entitled to claim any compensation for loss on account of such alteration. When any liquor other than ordinary arrack manufactured in pursuance of this privilege or any liquor falling within the definition of foreign liquor is supplied by the contractor for sale within the Civil and Military Station, the duty chargeable thereon shall be assessed at the rates leviable for similar liquor of similar strength under the Tariff Act, VIII of 1894.

NOTE 3.—For double-distilled or rectified spirits of all strengths, the rates of still-head duty will be calculated proportionately upon the rate for 20° under-proof, in accordance with Casella's Rules. Notification No. 9515—*Ex. F.* 1-1901, *dated* 17*th December* 1901.

Tenders in the form hereunto appended are hereby invited for the exclusive privilege of the manufacture of Arrack and other Country Spirits for the territories of Mysore, inclusive of the Civil and Military Station of Bangalore, for a period of five years from **1st July 1902 to 30th June 1907**.

2. The contract for the Civil and Military Station of Bangalore is included in this Notification with the permission of the Honorable the Resident in Mysore.

3. The privilege for which tenders are now invited will be conceded subject to the conditions specified in para 8 of this Notification, and to the Excise Laws passed by the Government of Mysore, and to the Excise Law in force for the time being within the Civil and Military Station of Bangalore. It will not include the manufacture or sale of Toddy, or of "Foreign Spirits and Foreign Fermented Liquors," or of Country Beer.

4. The quantity of Arrack required is estimated at between 31,000 and 35,000 gallons a month, the quantity actually issued from the Bangalore Distillery in the year 1900-01 having been 363,723 gallons. No quantity is however guaranteed to the manufacturer, who is bound by actual requirements, be the same more or less than the estimated quantity.

5. Tenderers must specify the lowest rate per gallon of 20° under-proof separately for jaggory arrack and for molasses arrack at which they offer to supply during the whole period of the contract. The price thus tendered for and accepted by Government shall be the price at which

Arrack of 20° under-proof will be sold by the manufacturer to separate shop-keepers and to renters of vend farms, during the currency of the contract granted under this Notification. For double distilled or rectified spirits and other special liquors of greater or lesser strength than 20° under-proof, which may be specially manufactured and issued with the approval of the Government, the manufacturer as well as the persons entitled to vend the same will be allowed to fix their own prices; but for single-distilled spirits of greater or lesser strength than 20° under-proof, the price chargeable by him will be according to such strength proportionately on the rate fixed for Arrack 20° under-proof in accordance with Casella's Rules.

6. Each tender must be accompanied by a deposit of **Rs. 5,000** in cash, or in Government securities, duly endorsed in favor of "The Dewan of Mysore," and enclosed in a cover superscribed with the words "Tender for the exclusive privilege of the Manufacture of Arrack," and must be sent to the **Excise Commissioner at Bangalore** so as to reach him before noon on Monday the **10th February 1902,** after which date no tender will be received. The tenders will be opened by the Excise Commissioner at his office in **Bangalore** at 12 o'clock noon on the **10th February 1902,** in the presence of the applicants who may be present. The final disposal of the tenders will rest with the Government, who reserve to themselves full power to reject any or all of the tenders without assigning any reason. The deposits made by the applicants whose tenders are rejected, will be returned to them on their application.

7. The applicant, whose tender may be finally accepted by the Government, shall, within eight days of the acceptance of his tender being communicated to him, deposit at the Huzur Treasury, Bangalore, a further sum in cash, or in Government securities, duly endorsed in favor of "The Dewan of Mysore," to make up with the deposit previously made, the sum of **Twenty-five Thousand Rupees,** and shall execute an agreement, in the prescribed form on proper stamp, offering as additional security all his apparatus and stock and block in the Distillery, and binding himself to conform to the conditions hereinafter set forth, and if he fails or refuses to sign the agreement, or to make the deposit required, the deposit already made by him will be forfeited to Government, and the contract otherwise disposed of.

8. The contract for which tenders are now invited shall be subject to the following conditions, namely:—

I. The contractor will be required to manufacture arrack and other country spirits within the enclosure of the Government Distillery near Bangalore, or at such other place as may be approved by the Government. For the use of the Distillery buildings near Bangalore and the arrangements existing in connection with the water-supply, the contractor shall pay rent to Government at Rs. 500 *per mensem.* Such improvement or addition to the said buildings or water-supply as may be approved by the Government will be carried out at Government cost subject to the payment by the contractor of such additional rent or rate as may be fixed by Government; and such repairs, to the Distillery buildings and channels as may be pointed out by the Executive Engineer, shall also be promptly executed by the contractor provided the annual cost of such repairs does not exceed 50 rupees.

II. The contractor will be required to keep in store at the Central Distillery, ordinarily a supply sufficient for a month's consumption, (31,000 gallons at the present rate of consumption) and *never less* than 18,000 gallons of admissible spirits in terms of 20° under-proof.

III. The contractor will be allowed to purchase Arrack and other country spirits from any Sugar Factory which may be established in Mysore, and which may be authorized by Government to distil Arrack and other country spirits. Should the contractor himself establish a Sugar Factory and distil Arrack and other country spirits therein, with the permission of the Government, he will be bound to keep in stock at such factory such quantities of Arrack and other country spirits, as may be fixed by Government.

IV. The spirits manufactured shall be of good quality, distilled water only being invariably used at the Distillery under the supervision of the Senior Officer in charge of the Distillery for reducing strong spirits to the authorized strength. The articles used in distilling shall be approved by the said officer. No ingredients obnoxious to health shall be used in distilling or put into the arrack or other country spirit or special liquor after it has been manufactured. The spirits manufactured shall not be adulterated or diluted.

V. In outlying tracts where, owing to small consumption or other causes, there is reason to suspect illicit distillation, Government will be at liberty to establish out-stills, after giving the contractor the first refusal of so doing.

VI. (1) The contractor shall, upon receipt by him of price at the rate fixed by his contract, sell the arrack at the Government Distillery or other place where he may be allowed to manufacture the same. Such sales shall only be—

1*st*. For the supply of such Bonded Depôts as Government may, from time to time, establish and maintain;

2nd. To separate shop-keepers licensed to sell in the Cities of Bangalore and Mysore and Kolar Gold Fields and in other places to which the Separate Shop System has been or may be extended;

3rd. To renters of Vend Farms to whom the Government may sell the right to vend Arrack in defined tracts;

4th. For the supply of the Government Excise Depôt in the Civil and Military Station of Bangalore in compliance with indents received from the Superintendent of Excise, Civil and Military Station, through the Senior Officer in charge of the Distillery. Arrack supplied to the Civil and Military Station will not be paid for in advance but once a fortnight on receipt of bills from the contractor to be submitted to the Collector, Civil and Military Station, through the said Superintendent of Excise.

(2) The contractor shall have no interest in the retail vend of Arrack.

(3) The contractor shall sell double-distilled or rectified spirits and other special liquors manufactured by him to the licensees for the vend of "Foreign Spirits and Foreign Fermented Liquors" other than *draught* Foreign Malt Liquors. He shall also sell the same to Bonded Depôts and to Hospitals and other public institutions, on the Excise Commissioner's requisition.

No spirit shall be allowed to be removed from the Government Distillery, or other authorized place of manufacture, or from a Bonded Depôt, unless the purchaser produces a Treasury receipt for the amount of duty paid therefor.

NOTE.—This condition does not apply to removal of arrack for the supply of the Government Excise Depôt in the Civil and Military Station for which no Treasury receipt will be required.

VII. The contractor shall be bound to conform to the provisions of the Excise Laws for the time being in force in the Territories of Mysore and in the Civil and Military Station of Bangalore; and he shall see that all his employees give full effect to them.

VIII. The out-going contractor shall give and the in-coming contractor shall take over, any Arrack or other Country Spirits and Special Liquors not exceeding a month's supply, which may remain as stock in hand on the last day of the expiring contract, the latter paying the former for the same such value as may be fixed by the Excise Commissioner.

IX. Should the in-coming contractor or the Excise Commissioner so require by at least one week's previous notice in writing, the out-going contractor shall cease preparing "Wash" during the last month of the expiring contract, and vacate the buildings so as to admit of the in-coming contractor commencing operations. Should no such notice be given, the out-going contractor may continue distilling till the end of his contract, after which further distillation by him must cease. The in-coming contractor shall issue arrack and other country spirits and other special liquors from the Distillery to Bonded Depôts if so required by the Excise Commissioner in sufficient time (not exceeding two weeks prior to the commencement of his contract) to have his supply ready in all Bonded Depôts for issue from the 1st July of the first year of his contract.

X. The out-going contractor shall sell, and the in-coming contractor shall buy, all apparatus and stock and block belonging to the former at the Government Distillery near Bangalore, or other authorized place of distillation for a fair and equitable price to be fixed by the Excise Commissioner calculating the original cost and deducting therefrom such portion of it on account of depreciation as may be considered reasonable. Timely notice of the price thus fixed will be given to the out-going contractor, and to intending tenderers by a notification duly published in that behalf.

XI. Improvements of a permanent nature shall be retained and shall not be disturbed except with the approval of the Executive Engineer.

XII. In case of a breach of any of the above conditions, Government will be at liberty to cancel the contract and to declare the deposit made by the contractor and all his apparatus and stock and block, forfeited and also to recover from the defaulting contractor such further loss as may be occasioned by such breach.

9. The following items of information are appended:—

No. 11932—*Ed.* 240, *dated* 21*st January* 1902.

The following Resolution No. 481—492, of the Government of India in the Home Department (Education) under date Calcutta, the 15th November 1901, is republished for general information :—

The Government of India have recently received intimation from the British Legation at Tokyo, that orders have been issued by the Education Department of the Japanese Government, to the effect that applications on the part of foreign students for admission to Schools in Japan must be made through the Diplomatic or Consular Representatives of their country in Japan. It has been suggested to the Government of India that it would be a great convenience to His Majesty's Legation at Tokyo, if Indian students who desire to prosecute their studies in Japan were provided with recommendations from a recognized authority in India, as it is undesirable that applications should be made to the Japanese Education Department without some guarantee as to the character and antecedents of the persons on whose behalf such applications are made.

The Governor General in Council accordingly desires to make it known that Indian students proceeding to Japan for their education should, before their departure from India, provide themselves with an authoritative certificate of identity in the form appended to this Resolution, signed by the head of the District (in a Presidency town, the Commissioner of Police) in the case of residents of British India, and by the Political Officer in that of residents of Native States. The District or Political Officer will endorse on the certificate of identity his opinion whether the person is a British subject "by birth" or "by naturalization" (or a subject of a Native State) or not. Quarterly returns of the certificates granted will be submitted to the Local Governments and Administrations who will forward them to the Government of India for transmission to His Majesty's Legation at Tokyo. But as it is necessary that no delay should occur, the District or Political Officer when granting or countersigning a certificate will at the same time send a copy of the certificate to His Majesty's Legation direct.

Local Governments and Administrations are requested to take steps to secure that all reasonable facilities are given for obtaining certificates of identity, and that wide publicity is given to these orders.

ORDER.—Ordered, that this Resolution be communicated to all Local Governments and Administrations for information and guidance.

Ordered also, that a copy be sent to the Foreign Department for information and communication to Political Officers.

Ordered, also, that the Resolution be published in the *Gazette of India* for general information.

Tenders in the form hereunto appended are hereby invited for the exclusive privilege of the manufacture of Arrack and other Country Spirits for the territories of Mysore, inclusive of the Civil and Military Station of Bangalore, for a period of five years from **1st July 1902 to 30th June 1907**.

2. The contract for the Civil and Military Station of Bangalore is included in this Notification with the permission of the Honorable the Resident in Mysore.

3. The privilege for which tenders are now invited will be conceded subject to the conditions specified in para 8 of this Notification, and to the Excise Laws passed by the Government of Mysore, and to the Excise Law in force for the time being within the Civil and Military Station of Bangalore. It will not include the manufacture or sale of Toddy, or of "Foreign Spirits and Foreign Fermented Liquors," or of Country Beer.

4. The quantity of Arrack required is estimated at between 31,000 and 35,000 gallons a month, the quantity actually issued from the Bangalore Distillery in the year 1900-01 having been 363,723 gallons. No quantity is however guaranteed to the manufacturer, who is bound by actual requirements, be the same more or less than the estimated quantity.

5. Tenderers must specify the lowest rate per gallon of 20° under-proof separately for jaggory arrack and for molasses arrack at which they offer to supply during the whole period of the contract. For double distilled or rectified spirits and other special liquors of greater or lesser strength than 20° under-proof, which may be specially manufactured and issued with the approval of the Government, the manufacturer as well as the persons entitled to vend the same will be allowed to fix their own prices; but for single-distilled spirits of greater or lesser strength than 20° under-proof, the price chargeable by him will be according to such strength proportionately on the rate fixed for Arrack 20° under-proof in accordance with Casella's Rules.

The final disposal of the tenders will rest with the Government, who reserve to themselves full power to reject any or all of the tenders without assigning any reason. The deposits made by the applicants whose tenders are rejected, will be returned to them on their application.

7. The applicant, whose tender may be finally accepted by the Government, shall, within eight days of the acceptance of his tender being communicated to him, deposit at the Huzur Treasury, Bangalore, a further sum in cash, or in Government securities, duly endorsed in favor of "The Dewan of Mysore," to make up with the deposit previously made, the sum of **Twenty-five Thousand Rupees**, and shall execute an agreement, in the prescribed form on proper stamp, offering as additional security all his apparatus and stock and block in the Distillery, and binding himself to conform to the conditions hereinafter set forth, and if he fails or refuses to sign the agreement, or to make the deposit required, the deposit already made by him will be forfeited to Government, and the contract otherwise disposed of.

The contractor will be required to manufacture arrack and other country spirits within the enclosure of the Government Distillery near Bangalore, or at such other place as may be approved by the Government. For the use of the Distillery buildings near Bangalore and the arrangements existing in connection with the water-supply, the contractor shall pay rent to Government at Rs. 500 *per mensem*. Such improvement or addition to the said buildings or water-supply as may be approved by the Government will be carried out at Government cost subject to the payment by the contractor of such additional rent or rate as may be fixed by Government; and such repairs, to the Distillery buildings and channels as may be pointed out by the Executive Engineer, shall also be promptly executed by the contractor provided the annual cost of such repairs does not exceed 50 rupees.

II. The contractor will be required to keep in store at the Central Distillery, ordinarily a supply sufficient for a month's consumption, (31,000 gallons at the present rate of consumption) and *never less* than 18,000 gallons of admissible spirits in terms of 20° under-proof.

III. The contractor will be allowed to purchase Arrack and other country spirits from any Sugar Factory which may be established in Mysore, and which may be authorized by Government to distil Arrack and other country spirits. Should the contractor himself establish a Sugar Factory and distil Arrack and other country spirits therein, with the permission of the Government, he will be bound to keep in stock at such factory such quantities of Arrack and other country spirits, as may be fixed by Government.

IV. The spirits manufactured shall be of good quality, distilled water only being invariably used at the Distillery under the supervision of the Senior Officer in charge of the Distillery for reducing strong spirits to the authorized strength. The articles used in distilling shall be approved by the said officer. No ingredients obnoxious to health shall be used in distilling or put into the arrack or other country spirit or special liquor after it has been manufactured. The spirits manufactured shall not be adulterated or diluted.

V. In outlying tracts where, owing to small consumption or other causes, there is reason to suspect illicit distillation, Government will be at liberty to establish out-stills, after giving the contractor the first refusal of so doing.

VI. (1) The contractor shall, upon receipt by him of price at the rate fixed by his contract, sell the arrack at the Government Distillery or other place where he may be allowed to manufacture the same. Such sales shall only be—

1st. For the supply of such Bonded Depôts as Government may, from time to time, establish and maintain;

2nd. To separate shop-keepers licensed to sell in the Cities of Bangalore and Mysore and Kolar Gold Fields and in other places to which the Separate Shop System has been or may be extended;

3rd. To renters of Vend Farms to whom the Government may sell the right to vend Arrack in defined tracts;

4th. For the supply of the Government Excise Depôt in the Civil and Military Station of Bangalore in compliance with indents received from the Superintendent of Excise, Civil and Military Station, through the Senior Officer in charge of the Distillery. Arrack supplied to the Civil and Military Station will not be paid for in advance but once a fortnight on receipt of bills from the contractor to be submitted to the Collector, Civil and Military Station, through the said Superintendent of Excise.

(2) The contractor shall have no interest in the retail vend of Arrack.

(3) The contractor shall sell double-distilled or rectified spirits and other special liquors manufactured by him to the licensees for the vend of "Foreign Spirits and Foreign Fermented Liquors" other than *draught* Foreign Malt Liquors. He shall also sell the same to Bonded Depôts and to Hospitals and other public institutions, on the Excise Commissioner's requisition.

No spirit shall be allowed to be removed from the Government Distillery, or other authorized place of manufacture, or from a Bonded Depôt, unless the purchaser produces a Treasury receipt for the amount of duty paid therefor.

NOTE.—This condition does not apply to removal of arrack for the supply of the Government Excise Depôt in the Civil and Military Station for which no Treasury receipt will be required.

VII. The contractor shall be bound to conform to the provisions of the Excise Laws for the time being in force in the Territories of Mysore and in the Civil and Military Station of Bangalore; and he shall see that all his employees give full effect to them.

VIII. The out-going contractor shall give and the in-coming contractor shall take over, any Arrack or other Country Spirits and Special Liquors not exceeding a month's supply, which may remain as stock in hand on the last day of the expiring contract, the latter paying the former for the same such value as may be fixed by the Excise Commissioner.

IX. Should the in-coming contractor or the Excise Commissioner so require by at least one week's previous notice in writing, the out-going contractor shall cease preparing "Wash" during the last month of the expiring contract, and vacate the buildings so as to admit of the in-coming contractor commencing operations. Should no such notice be given, the out-going contractor may continue distilling till the end of his contract, after which further distillation by him must cease. The in-coming contractor shall issue arrack and other country spirits and other special liquors from the Distillery to Bonded Depôts if so required by the Excise Commissioner in sufficient time (not exceeding two weeks prior to the commencement of his contract) to have his supply ready in all Bonded Depôts for issue from the 1st July of the first year of his contract.

X. The out-going contractor shall sell, and the in-coming contractor shall buy, all apparatus and stock and block belonging to the former at the Government Distillery near Bangalore, or other authorized place of distillation for a fair and equitable price to be fixed by the Excise Commissioner calculating the original cost and deducting therefrom such portion of it on account of depreciation as may be considered reasonable. Timely notice of the price thus fixed will be given to the out-going contractor, and to intending tenderers by a notification duly published in that behalf.

XI. Improvements of a permanent nature shall be retained and shall not be disturbed except with the approval of the Executive Engineer.

XII. In case of a breach of any of the above conditions, Government will be at liberty to cancel the contract and to declare the deposit made by the contractor and all his apparatus and stock and block, forfeited and also to recover from the defaulting contractor such further loss as may be occasioned by such breach.

In supersession of the previous rules on the subject the following revised subsidiary Rules (corresponding with the rules published in Government of India, Home Department, Notification No. 247, dated the 7th June 1901) for the erection, repair, and endowment of monuments in Government Cemeteries, the introduction of which into Mysore from 1st July 1902 has been approved in Residency letter No. 816, dated the 13th February 1902, are published for general information and for the guidance of the officers concerned :—

Notification No. 247, *by the Government of India, Home Department, Ecclesiastical dated Simla, the* 7*th June* 1901.

The following revised subsidiary rules for the erection, repair and endowment of monuments in Government cemeteries throughout India, except in the Madras Presidency, are published for general information and guidance :—

Subsidiary rules for the erection, repair and endowment of monuments in Government Cemeteries.

APPLICATION FOR ERECTION OF A MONUMENT.

I.—A person desiring to erect a monument should submit his application in the Form A (annexed), with a dimensionized drawing of the monument drawn to scale and a detailed estimate, to the Chaplain or other officer in charge of the Cemetery.

II.—The Chaplain or other officer in charge will (unless the monument is a single stone monument as defined in the margin) send on the application, with the drawing and estimates, with a forwarding letter (Form B annexed) to the Executive Engineer in charge of the Cemetery. The Executive Engineer will fill in column 7 and examine and countersign the drawing and the estimate, and return the application, with the drawing and the estimate, to the Chaplain.

A single stone monument is a monument consisting of a plain cross, head-stone, or slab over a masonry foundation, 3'×2', the total height not exceeding 3 feet in the case of masonry graves and 3 feet 6 inches in the case of non-masonry graves.

The repair of fragile or costly work liable to receive damage cannot be undertaken by Government, and should not be taken into consideration in the estimate of column 7 (*b*).

III.—On return of the application by the Executive Engineer the Chaplain will see that the application in Form A is correctly filled in, sign the memorandum at the foot of the form and forward it with the enclosures to the Archdeacon. If the deceased belonged to some other denomination than that of the Church of England, the chaplain shall obtain a certificate of approval of the design from the Minister of the denomination to which the deceased belonged and forward it with the application to the Archdeacon.

Note.—It is not compulsory for endowment to be made in any cases of monuments erected to their deceased comrades by British soldiers or non-commissioned officers.

IV.—The Archdeacon will permit the monument to be erected or refuse to do so. If permission is given, the Chaplain will advise the applicant of the sanction in Form D (annexed) and instruct him to pay the amount of the endowment calculated as in Rule VI to the Executive Engineer, who will grant the applicant a receipt in Form C (annexed).

V.—The Chaplain must inform the Executive Engineer in Form D (annexed) as soon as the monument is ready for erection, and the latter will see that it is set up in accordance with the drawing and the estimate sanctioned and will enter the monument upon his list for repairs by the Public Works Department. The Chaplain will in communication with the Executive Engineer, send in July every year to the Archdeacon a list of the monuments erected and endowed during the year ending June 30th, together with the amounts of the endowment fees.

AMOUNT OF ENDOWMENT.

VI.—An endowment fee of Rs. 15 will be charged when a person wishes to endow a single stone monument. The payment will not be compulsory.

Other monuments shall be divided into two classes—

(1) plain and solid monuments, which are likely to require only occasional repair; and

(2) elaborate monuments and other monuments which are likely to require special attention or frequent repair.

An endowment fee of Rs. 30 shall be charged for monuments of the first of these classes, and of Rs. 75 for monuments of the second class. The classification will rest with the Executive Engineer, but any person objecting to his decision may appeal to the Superintending Engineer. With the sanction of the Superintending Engineer a higher fee may be charged in cases where fees on the classified scale are clearly insufficient.

Note.—In the case of a child's monument these fees may be reduced to Rs. 20 and Rs. 50, provided that the monument does not exceed 5×3.

No addition to an existing monument in a Government Cemetery will be allowed beyond mere lettering on existing slabs, head-stones, or crosses, unless the whole monument is endowed.

VII.—The endowment is intended to cover the expense of ordinary annual maintenance, re-lettering, and repairs, but not the risk of accidents due to floods or earthquakes or other extraordinary causes. It is open to any person to provide for extraordinary repairs by making a special endowment in addition to the ordinary endowment fixed by the Executive or Superin-

tending Engineer under Rule VI. This special endowment must, however, be limited to the amount necessary to cover such work as the Government officers can undertake to execute.

VIII. When an endowment is paid to the Executive Engineer in accordance with Rules, IV and VI, the amount must be entered in the Divisional Cash Book as a deposit received and paid into treasury with a Remittance Note in Form G (annexed) for credit to Civil Department. The Executive Engineer will forward the Treasury Officer's receipt with his monthly accounts to the Examiner of Accounts in support of the debit to "Deposits," a note to the effect that this has been done being entered in red ink across the block foil of the Remittance Note.

The Examiner will from these receipts maintain a Register in form H (annexed) showing the endowments for each Cemetery in his Province. The Comptroller will credit to a head Cemetery Endowment Fund under the major head Savings Bank Deposits—Bank Accounts all sums received on account of these endowments but will show no details regarding the Cemeteries.

After the amount has been paid into the treasury the Executive Engineer will enter it in the Register of Endowments Form E (annexed) (Part I).

IX.—The Executive Engineer shall maintain an account of all ordinary and special endowments in Form E (annexed) (Part II). A separate ledger account shall be opened in Form E (annexed) (Part III) for each monument for which a special endowment exceeding Rs. 25 has been made under Rule VII.

Note.—The provision as to separate accounts should be applied as far as possible to endowments made prior to the issue of these rules.

X.—The interest calculated under Rule XI on the deposit shall be used in meeting the expenditure for the repair of those manuments for whose preservation deposits have been made. In no circumstances should the capital sum be applied to meet such expenditure, nor should the interest be separate for each monument. The interest accruing on the deposits shall form a common fund to be used exclusively for the repairs of all endowed tombs: provided that the interest on deposits for which separate accounts are opened under Rule IX shall be used exclusively for the particular monument on account of which the deposit is made.

If a monument becomes so damaged as not to admit of repair, the Chaplain shall communicate with the friends of the deceased, or when such communication is not possible, advertise three times in the *Mysore Gazette*: and if no person will undertake to restore it, the monument shall be treated at the next repairs in such manner as the Chaplain may decide to be necessary for the maintenance of the Cemetery in decent order: provided always that any inscribed slab or tablet which formed part of it shall be placed over the grave in simple masonry or be inserted in the wall of the Cemetery and shall be carefully preserved.

XI.—Joint estimates shall be framed in October of each year by the Executive Engineer and the Chaplain, or other officer in charge of the Cemetery, of the cost of repairs of endowed tombs, during the following official year, and the aggregate of the sums so estimated shall not exceed the estimated interest at 3½ per cent per annum on the capital sum deposited up to the 30th June preceding, plus the unspent balance at the end of the previous year. The Executive Engineer should budget annually for the grant required; such grant would be entered in a lump sum under the head "Civil Works" without any distinction between ordinary and special endowments.

XII.—The Comptroller will in his final accounts for June debit to 14—interest, by credit to the Public Works Department the interest at 3½ per cent, calculated on the amount standing at credit of the deposit head on 30th June. On receipt of the credit the Examiner of Public Works Accounts will distribute the amounts between the several Cemeteries and advise the Executive Engineer concerned of the amounts so credited. On receipt of such intimation the Executive Engineer will credit the amount in his divisional accounts as Public Works, Revenue under the head "Interest on Endowments for Repairs of Monuments" and then fill in the interest column in Form E (Part II).

ENDOWMENT OF EXISTING MONUMENTS.

XIII.—When application is made for the endowment of an existing monument, the above procedure should be followed as far as practicable. The application in Form A must be submitted to the Chaplain or other officer in charge, and forwarded by him to the Executive Engineer. The latter, besides framing an estimate of annual repairs, must estimate the cost of placing the monument upon a suitable foundation, if he is satisfied that such a foundation does not exist. The application should be sent to the Archdeacon, and with his consent the monument will be brought on to the books of the Public Works Department. The cost of the foundation should be paid over to the Executive Engineer, who will carry out the work without delay.

XIV.—In order that the Government may know that the tombs are kept in proper repair an Annual Report in Form F (annexed) should be forwarded as soon as possible after the close of the accounts for a financial year, by the Executive Engineer with respect to their condition, for each Cemetery, to the Examiner of Public Works Accounts, who will consolidate the returns so received and render a general return to Government. The account will merely show the totals for each Cemetery as taken from the Executive Engineer's accounts.

The reports sent to the Examiner should contain remarks, both by the Chaplain and Executive Engineer, as to the state of the tombs for which endowments have been made.

Note.—The foregoing rules are applicable to Cenotaphs erected in Church compounds, but the previous consent of the Local Government to the construction of a Cenotaph is in every case necessary.

No. 15874—*Mis.* 2251, *dated 26th March* 1902.

In supersession of the papers published with Government Notification No. 7548—Mis. 1600 dated 29th November 1900, the following Memorandum relating to the importation of dogs into Great Britain, is published for general information :—

No. 4 (*Revenue*), *dated the 3rd January* 1902.

From—The Right Honourable Lord GEORGE FRANCIS HAMILTON, His Majesty's Secretary of State for India,

To—His Excellency the Right Honourable the GOVERNOR GENERAL of India in Council.

With reference to my Despatch No. 151, dated 30th August 1900, transmitting copies of a Memorandum of the Board of Agriculture relating to the importation of dogs into this country, I forward copy of a further letter from the Board on the subject with enclosures as marginally noted.

Dated 12th December 1901.
300 copies of Order of 12th December 1901.
300 copies of Memorandum.
500 copies of leaflet.
By Book Post.

2. I invite your attention in particular to paragraphs 2 and 3 of the Board's letter, suggesting that information on the subject should be circulated in the various military stations in India, and that copies of previous regulations on the subject should be destroyed.

Board of Agriculture,
4, Whitehall Place, S. W.,
12th December 1901.

No. A.-9443—1901.

SIR,

I am directed by the Board of Agriculture to advert to their letters of the 4th March 1899 and the 10th August 1900 on the subject of the Importation of Dogs Order of 1897 and the Memoranda issued thereunder, and I am to say that in view of the fact that rabies, whilst very prevalent abroad, is believed to have been finally eradicated in the United Kingdom, it has been considered a favourable opportunity to issue regulations which, although not differing in character from those at present in force in so far as they require all dogs landed from abroad to undergo a period of quarantine, yet lay down more specific and stringent rules on the subject.

I am accordingly to forward to you (under separate cover) 500 copies of the Importation of Dogs Order of 1901, and of a Memorandum and 1,000 copies of a leaflet thereon, and to ask you to be so good as to move the Secretary of State to give directions, as on previous occasions, for the transmission of copies to His Excellency the Governor General of India, and to Their Excellencies the Governors of Madras and Bombay, for the information of those concerned. As indicated in their letter of the 4th March 1899 referred to, the Board think it especially desirable that information on this subject should be circulated in the various military stations in India.

The Regulations previously issued under the Importation of Dogs Order of 1897 will cease to have effect on the 1st proximo and it would be convenient that all copies of the Order, and of the Memorandum thereon, No. A.-160—A., dated the 8th August 1900, should now be destroyed. It will be observed, however, that the new Order will not have full effect prior to the 15th March next, and in the meantime the landing of dogs, other than performing dogs, which are intended to be kept in this country, will be authorized on conditions substantially the same as those which have hitherto obtained.

I may add for the information of Lord George Hamilton that from and after the 21st instant all restrictions will be removed on the landing in Great Britain of dogs brought from Ireland.

I am, etc.,
T. H. ELLIOTT,
Secretary.

The Under Secretary of State,
India Office,

(3) A notice under this Article may, subject to any instructions issued by the Board, be given by an Inspector of the Local Authority.

(4) If the owner or person in charge of the dog, after receipt of such notice, fails to move the dog as required by the notice, he shall be deemed guilty of an offence against the Act of 1894.

Withdrawal of License in cases of Default.

5.—(1) If the owner or person in charge of an imported dog is convicted of an offence under this Order in relation to the dog, the Board, or an Inspector of the Board, may give notice to such owner or person in charge, requiring him to move the dog to a vessel for exportation within a time specified in such notice.

BOARD OF AGRICULTURE.

IMPORTATION OF DOGS ORDER OF 1901.

The Board of Agriculture desire to draw the attention of Local authorities and of the public generally to the provisions of this Order, which regulates the landing in Great Britain of dogs brought from any country except Ireland, the Channel Islands, or the Isle of Man.

This Order, which consolidates and amends the Importation of Dogs Order of 1897 and the Orders amending it, takes effect from the 1st of January 1902, except as to Article 2 which is particularly referred to hereafter. It will be observed that no imported dog is allowed to be landed in Great Britain without a license of the Board of Agriculture obtained previous to landing.

Until the 15th March next, the landing of dogs will be authorized under substantially the same conditions as to detention and isolation as have hitherto obtained. After the 15th March the landing of dogs will be subject to Article 2 of the Order, which expressly provides that every imported dog must be detained and isolated at the expense of its owner upon premises in the occupation or under the control of a veterinary surgeon, which shall have been previously approved in writing by the Board for that purpose, for a period of six calendar months, during which period the dog may not be moved from the place of detention except as provided in that Article. This Article does not apply in the case of an imported dog which is intended to be exported from Great Britain within forty-eight hours, or of a performing dog, with regard to the detention and isolation of which special conditions will be imposed by the license authorizing its landing.

CONDITIONS OF LICENSES.

The Board may insert in any license granted by them authorizing the landing of an imported dog, such further conditions as they think necessary or desirable for prescribing and regulating the detention and isolation of the dog, upon the place of detention authorized in the license, or for any of the purposes set forth in Article 3 of the Order.

Every dog which is brought to Great Britain from any other country except Ireland, the Channel Islands or the Isle of Man, and which is not accompanied by a license issued by the Board of Agriculture authorizing the landing of the dog in Great Britain must at all times while on board a vessel in any port in Great Britain be (*a*) secured to some part of the vessel by a collar and chain and muzzled with a wire cage muzzle so constructed as to render it impossible for such dog while wearing the same to bite any person or animal, but not so as to prevent the dog from breathing freely or lapping water; or (*b*) confined in an enclosed part of the vessel from which the dog cannot escape. And if any such dog die, or be lost from such a vessel, the person in charge of the dog is required forthwith to give notice of such death or loss to the Board.

The Memorandum A.-160—A. as to the importation of Dogs into Great Britain from abroad, dated the 8th August 1900, will cease to have effect when Article 2 of this Order comes into operation.

In order that as little inconvenience as possible may be caused in the enforcement of the Order, the Board trust that local authorities will assist them by taking steps to make its contents known as widely as possible in their districts.

Secretary.

DISEASES OF ANIMALS ACTS, 1894 AND 1896.

Importation of Dogs into Great Britain.

On and after the 1st day of January 1902, the landing in Great Britain of dogs from abroad will only be permitted subject to the provisions of the Importation of dogs Order of 1901, which in effect requires that after the 15th of March next every imported dog shall be detained and isolated at the expense of its owner upon premises in the occupation or under the control of a veterinary surgeon for a period of six calendar months from the date of landing.

Until the 15th of March next dogs will be allowed to land upon conditions substantially the same as at present.

The disease of raqies having ceased to exist both in Great Britain and in Ireland, it has become of the utmost importance that the most effective steps should be taken to prevent its re-introduction from abroad, and the Board have felt it incumbent upon them, in the interests of dog-owners in this country, to amend their regulations in the manner above described, and to warn persons who may propose to travel that after the abovementioned date the isolation and detention of dogs on the private premises of their owners can no longer be sanctioned.

By the Dogs (Landing from Ireland) Revocation Order of 1901, the restrictions on the movement of dogs between Ireland and Great Britain have been removed.

Notification No. 14854—Ex F. 7-1901, dated Bangalore, 7th March 1902.

1. It is hereby notified by the Government of Mysore that the exclusive privilege of selling toddy in each shop or group of shops specified in the appended Schedule for one year, beginning with 1st July 1902 and ending with 30th June 1903, will be put up to public auction at upset prices by the respective Deputy Commissioners or by Revenue Sub-Division Officers or Divisional Officers of the Excise Department or Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, on the dates mentioned in the said Schedule, and at the respective Taluk kasbas, and will be knocked down to the bidder offering the highest amount of rent for the aforesaid privilege. If the sales are not completed on above named days, they will be continued on the next following days. The licensee is not required to make any additional payment on account of local cess. The Officer conducting the sale shall be at liberty to revise, when necessary, the grouping of shops as specified in the Schedule hereto appended, and to accept or reject any bid at discretion, or to sell the said privilege in any particular case, by means of tenders or by private negotiation, or to sell the privilege in any Coffee Estate to the planter for a fixed amount not less than Rs. 12 per shop. The shops in alienated villages shall be separately sold, and the amounts connected therewith shall be shown in the accounts under a distinct head. The sale in every case shall be subject to the conditions hereinafter set forth and shall, unless revised by the Government, take effect upon formal confirmation by the Deputy Commissioner. Should there be no bid above the upset price, the officer conducting the sale may lower the upset price at discretion. The condition and character of intending bidders may be enquired into, and the officer conducting the sale may, at the time of sale, refuse to receive the necessary deposit, which gives the right to bid, from persons regarding whom the

result of such enquiries is not satisfactory. No former licensee who has been guilty of infringement of the terms of his license or of the Excise Laws in force, shall be entitled to bid. The officer conducting the sale shall not be bound to accept the highest bid, should he consider it to be so extravagantly high as to afford apprehension of the licensee breaking down.

2. Parties intending to bid must attend either in person or by duly authorized agents; and no person shall be permitted to bid either on his own behalf or on account of any one else until he has made a deposit of Rs. 10, in the case of individual shops, or Rs. 25 in the case of groups of shops, or such other reasonable amount as may be fixed by the officer conducting the sale. Such deposits will be returned at the close of the sale.

3. The successful bidder must, on the exclusive privilege being knocked down to him, and before the next shop or group of shops is put up for sale, deposit a sum equal to one-twenty-fourth part of his bid for the year, that is to say, one-half of the monthly rent; and within fifteen days of the confirmation of the sale by the Deputy Commissioner being notified to him in writing, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to three months' rent. Within ten days after the expiry of the period allowed for making the [illegible] ree months' rent as above, the purchaser of the exclusive privilege shall execute an agreement binding himself and so much of his movable and immovable property as may be deemed sufficient, to observe the conditions hereinafter set forth, as well as those specified in the license to be issued to him; and his surety, if any has been accepted under the next following para, shall execute a bond in the prescribed form binding himself and so much of his movable and immovable property as may be deemed sufficient by the Deputy Commissioner, for the due fulfilment by the purchaser of the terms of his agreement. If default is made in making the deposit or deposits or in executing the agreement or the security bond, if any, within the time allowed therefor by this para, the exclusive privilege shall be forthwith re-sold or otherwise disposed of by the Deputy Commissioner at the risk of the first purchaser, who shall forfeit to the Government any deposit or deposits already made by him, and shall further be liable to make good any loss by the re-sale or other disposal, but shall not be entitled to any gain by the re-sale or other disposal. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

4. The deposit made under the preceding para shall be either in cash or in Government of India Securities or Mysore Debentures duly endorsed in favor of the Deputy Commissioner. Provided that in lieu of a deposit of three months' rent as above, the Deputy Commissioner may, in his discretion, allow any purchaser to deposit one month's rent as above, and to furnish approved personal security for an amount equal to four months' rent or to deposit two months' rent and to furnish personal security for an amount equal to three months' rent. In all cases where the monthly rent does not exceed Rs. 10, a cash deposit equal to three months' rent shall invariably be taken, and no personal security shall be demanded or accepted. If the purchaser shall be found to be a foreigner having no property in the Mysore State, or to be of doubtful solvency, he may be required to deposit twice the prescribed sum or to get a surety or sureties, residents of and possessing property in the Mysore State, to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract.

5. As soon as the agreements and bonds have been executed, the Deputy Commissioner will issue a license in the prescribed form, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions:—

(1) For the supply of toddy to his shops, the licensee shall have the privilege of obtaining, subject to Tree-tax Rules, toddy-yielding trees in the groves assigned to his shop or group of shops; and he shall be at liberty to manufacture toddy from the trees in private lands, under private arrangements between himself and the owners of such lands. He may purchase toddy from any lincensed toddy shop-keeper on application to the Inspector, who will grant the necessary permits on proof of the necessity for the same.

(2) The exclusive privilege shall extend to the sale of date, palmyra, cocoanut, bagani, and dadasal toddy. But in tracts where both date and bagani toddy shops exist, the licensee of the date toddy shop shall not tap bagani trees, and the licensee of the bagani toddy shop shall not tap date trees; but both licensees can tap any of the other palm trees named above.

(3) The amount of rent shall be payable into the local Government Treasuries on printed chellans furnished for the purpose by Government, in equal monthly instalments commencing from 1st July 1902. But if the amount of annual rent for any shop does not exceed Rs. 5, the whole of it shall be paid in the first instalment. Each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, by record in writing, cancel the license, order the forfeiture of all deposits made by the defaulter, and proceed to re-sell or otherwise dispose of the shop or group of shops at the defaulter's risk, as soon after the last day of the month as may be possible. Provided, however, that instead of re-selling the same as above, the Deputy Commissioner may, in his discretion, direct the Amildar to issue licenses to sub-vendors or vendors under the defaulting licensee for rents, the aggregate of which is not less than the rent the defaulting licensee had agreed to pay.

(4) The deposit made by the licensee shall be taken in payment of the instalment due in the last month or months of the period of the license. All arrears and deficits payable by a licensee shall, with interest at 6 per cent per annum, be recoverable from him or his surety, under the rules in force for the recovery of land revenue. Interest shall be calculated on all arrears from the date of default and on deficits from the date of re-sale.

(5) If the Deputy Commissioner does not confirm the re-sale, he may make such other arrangements as may appear advisable for the remainder of the period of the license, in which case he shall serve a notice on the defaulting licensee, informing him of the nature of the arrangements made.

(6) Toddy shall not be sold to the public at less than the retail rates specified in the appended schedule.

(7) The toddy shall be sold pure as drawn from trees, and shall not be adulterated or diluted in any manner in the shops, or depôts, if any.

(8) If the licensee of a group of shops wishes to establish a depôt for depositing toddy required for distribution to his shops, he shall obtain a license for it in the prescribed form. The licensee of the depôt shall keep true accounts of the quantity of toddy received in the depôt and issued to the shops. The passes issued with the toddy transported, shall be subject to examination and check by the officers authorized on this behalf.

(9) Toddy shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form, and no new shops shall be opened without the previous sanction of the Excise Commissioner. Tree-foot sales or sales in the open, or the disposal of toddy in any other manner unauthorized by the Rules, are strictly prohibited. Provided, however, that in bagani tracts, the licensee who has purchased the right of vend of bagani toddy, may permit the tapping of bagani trees for domestic consumption, as well as for sale within the limits of the village purchased by him. The licensee of each shop will be required to keep an account of the receipts and expenditure of toddy in his shop.

(10) The Deputy Commissioner may, whenever he thinks fit, direct any shop or shops to be closed, or permit transfers of shops from one place to another within two hundred yards of the original sanctioned site. A sufficient supply of toddy shall be maintained in all sanctioned shops.

(11) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending arrack within the taluk in which his shop is situated, nor permit any person having interest in the exclusive privilege of vending arrack in the taluk, to hold any share or interest in his exclusive privilege of selling

toddy; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any toddy shop or farm outside the Territories of Mysore.

(12) The licensee shall be bound by the provisions of the Excise law and rules thereunder for the time being in force and by the terms and conditions of the license. The licensee shall use such measures of capacity as may, from time to time, be prescribed by Government, and provide himself with permits for the transport of toddy. Printed forms of permits may be purchased from Excise officers.

(13) The license shall not be transferable, except with the permission of the Excise Commissioner.

6. (1) Tree-tapping licenses in the prescribed form shall be issued on the application—

(*a*) of licensed toddy shop-keepers or of their duly authorized agents,

(*b*) of toddy shop-keepers in British Territory desirous of obtaining toddy from trees growing in the Mysore Territory but free from payment to the Mysore Government of the Tree-tax prescribed in clause 9 below, and

(*c*) of tree-owners in coffee estates, hittals and kans in the malnad free of the prescribed tree-tax for drawing toddy for *bona fide* domestic purposes as per Government Order No. 11897-906—Excise 485, dated 20th June 1898, for such number of trees as may be found necessary by the Excise Commissioner.

The licenses may be issued in the name of the applicant himself or of his nominees.

(2) Applications for the grant of tree-tapping licenses must be made in the prescribed form to the Excise Inspector of the Range concerned through the Local Treasury. Forms may be obtained from him or the Assistant Inspectors under him.

(3) Applications for tree-tapping licenses, for trees in occupied or alienated lands, should be countersigned by the owner of the trees intended to be marked in token of his consent. Applications for tree-tapping licenses for trees in State Forests and Plantations should be countersigned by the Forest Range Officer in token of his consent.

(4) Persons applying for the issue of tree-tapping licenses will be responsible to Government for all sums payable as tree-tax on account of the trees licensed therein to be tapped and also to tree-rent in the case of trees on Government unoccupied lands.

(5) On receipt of an application, the Inspector will at once take steps for the marking of the trees by an officer superior in rank to a Sub-Inspector and for the timely issue of the license. Applicants for trees shall point out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so after reasonable notice, the tree-tax and tree-rent paid by them shall be liable to be forfeited at the Deputy Commissioner's discretion.

(6) Deputy Commissioners may, subject to the orders of the Excise Commissioner from time to time, prescribe the minimum number of trees for which licenses will be granted and the minimum number to be entered in a single application. They may also direct that the trees situated in one village only shall be included in an application.

(7) No trees shall be tapped, nor shall toddy be drawn from any toddy tree, nor shall any pot be attached to any toddy tree, until the tree has been marked by the proper officer. But the removal of leaves for the purpose of making incisions and the preparation of the spathes or incisions for the drawing of toddy is permitted as soon as the application in the prescribed form has been delivered to the Treasury.

(8) For all toddy-yielding trees, tree-tapping licenses shall be annual. For the convenience of the licensee, applications for tree-tapping licenses will be received, trees will be marked and licenses will be issued during the fifteen days, and pots may be attached to such marked trees during the five days, immediately preceding the period to which they relate, to take effect from the commencement of such period,

provided that no toddy shall be removed from the trees except during the currency of such license.

(9) No tree shall be tapped for toddy without a license therefor to be obtained by payment of tree-tax at the following rates :—

Tree.	Tree-tax for each tree per annum including local cess. Rs.	a.	p.
Date	1	1	0
Cocoanut..	2	2	0
Palmyra	1	9	6
Bagani or Sago palm	1	9	6
Dadasal (Arenga wightii)	0	8	6

Note—The licenses will be free of tax to the Mysore Government in the cases specified in clause (1) *(b)* and *(c)* above.

(10) In addition to the above tax, tree-rent at annas 4 per tree per annum with local cess thereon shall be paid for all Government trees tapped for the supply of toddy shops whether within or outside the Mysore Territories or in the Civil and Military Station of Bangalore.

NOTE.—No trees upon Government occupied land can be tapped without the consent of the owner. The present arrangement as regards trees on alienated land will hold good subject of course to the levy by Government of tree-tax.

The amount shall be credited to the respective Departments concerned.

(11) The tree-tax and tree-rent (with local cess on both the items) shall be payable in the following instalments, unless the Excise Commissioner shall otherwise direct :—

Period within which license is applied for.	Proportion of tree-tax and tree-rent to be paid at the time of application for license.	Proportion of tree-tax and tree-rent to be paid before the end of the month following.
Between 1st July 1902 and 30th April 1903.	One-third ...	The remaining two-thirds. But if the number of date, cocoanut and palmyra trees applied for be ten or less than ten, and of bagani and dadasal trees be five or less than five, the whole amount of tree-tax and tree-rent payable thereon, shall be paid with the application.
Between 1st May 1903 and 30th June 1903.	The whole ...	None.

(12) Under the arrangement which has been arrived at with the Government of Madras, the tree-tax on toddy produced by the trees in the Madras Presidency but consumed in the Mysore State, will be credited to the Mysore Government and *vice versa*. The rate of tree-tax to be paid in such cases will invariably be the highest in force on either side of the frontier. The following procedure shall be observed on the subject—

(*a*) Tree-tax on trees in the Madras Presidency for which tapping licenses are about to be taken out by Mysore shop-keepers, must be paid in one instalment to the Amildar of the Taluk concerned in the Mysore State, who will grant a receipt in the prescribed chellan form and certify at the foot that the applicant is a person entitled to take out tree-tapping licenses. The applicant will then make his application to British authorities in accordance with the Madras Government Tree-tapping Rules, and will obtain a Transport Permit from the Inspector concerned in the Mysore State for the transport of the toddy drawn from the frontier to the shop or depot for which it is intended, after having complied with all requirements of the Madras Government Rules.

(b) A shop-keeper or renter in the Madras Presidency desiring to obtain toddy from trees growing in the Mysore Territory, will pay into the Tahsildar's Treasury concerned in the Madras Presidency, the tree-tax on the trees which he proposes to tap. The Tahsildar after satisfying himself that the applicant is a person who is entitled to take out a tree-tapping license, will grant a receipt with this fact certified at the foot.

(c) The applicant will then proceed to make an application to the proper Mysore authorities in accordance with the Tree-tapping Rules in force in that State. The Mysore authorities concerned will accept the receipt and certificate as evidence that the amount mentioned has been paid, and that the applicant is a person by whom an application for a tree-tapping license may be made. It must, however, be distinctly understood that licenses may be refused at discretion in the case of trees reserved by the Excise Department, for the purpose of giving them rest or for other reason considered sufficient by the officer refusing the license. The issue of licenses, marking of the trees, etc., will be effected in precisely the same manner as if the applicant were a shop-keeper in the Mysore State, the number of trees to be licensed being calculated at the higher rate of the tree-tax, whether British or Mysore, if the rate is not the same on both sides of the frontier.

(d) The Inspector concerned in the Mysore State will issue Transport Permits to the frontier in the usual way, care being taken, as far as possible, to prescribe a route which does not involve the toddy approaching any Mysore toddy shops. The latter should not be located along any of the main routes by which toddy is exported to the Madras Presidency, if it can be avoided; and the attention of the Deputy Commissioner concerned should be invited to the desirability of removing adjacent shops to a distance. It will be for the British officer to grant permits from the frontier on to the destination of the toddy.

(e) Transport Permits, for toddy exported by rail, will be given in batches of seven or any other requisite number, one for each day, to allow of a Transport Permit being invariably attached to the Way-bill.

(13) In the tree-tapping licenses granted on the application of British renters and shop-keepers, the following rule will be inserted—

"All toddy drawn by the licensee shall, as soon as the pots containing it are removed from the trees, be immediately conveyed direct across the frontier into the Madras Presidency, under a General Transport Permit granted by the Deputy Commissioner of the District, or other duly authorized officer or person. Transfers of toddy, even by way of gift, between the time of drawing and crossing the frontier, and tree-foot sales or sales in the open, or the disposal of the toddy in any other manner unauthorized by the rules in force, are strictly prohibited."

(14) Licenses to British shop-keepers to tap trees in the Mysore State are granted in consideration of the payment of tree-tax to the British Government, and are liable to cancellation at its request, or that of any officer duly empowered by it in this behalf.

(15) Toddy drawn from British trees may be allowed to pass across Mysore Territory on permits granted by British officials, provided they are countersigned by the Inspector of the Range in Mysore Territory through which the toddy is being transported.

(16) Every person to whom a tapping license is granted for the manufacture of toddy either for local consumption or for export to British Territory, shall observe the following rules in tapping date trees—

(a) Date trees shall be tapped only by professional men.

(b) Trees tapped one year shall not ordinarily be tapped the next year.

(c) Trees shall not be over-tapped or overworked.

(*d*) In no date tree shall the initial incision be made at any point less than 3 feet from the ground except in places were permission is specially given.

(*e*) The depth and width of the incision shall not exceed one-third of the diameter of the tree, and the length of it shall not exceed eight inches.

(*f*) Every fresh incision shall not be less than one foot above the last incision, except in localities where permission is specially given.

(*g*) The central spike-like clusters shall not be touched. Of the lateral leaves not less than two layers of leaves shall be left, reckoning from the layers immediately next to the central clusters down to the top line of the incision; or in other words, above the top line of the incision not less than eight leaves shall be left excluding the central spike-like clusters, on that face of the tree on which the incision is made.

(*h*) The licensee shall not cut, or injure or permit to be cut or injured the trees licensed to him, or any other trees.

(*i*) The licensee or his employer will be liable to pay a fine of one rupee for each tree in excess of three per cent of the number of trees marked for him which may die from over-tapping or careless tapping either during the lease or within six months after its expiration.

(17) In every grove where toddy-yielding trees are tapped, a ladder shall always be kept by the tapmen to enable Excise officers to examine incisions or spathes, as the case may be, or to measure the incisions.

7. In case of any breach of the aforesaid Rules, or of the conditions of the license, either by the licensee, or with his connivance or privity by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach or neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license, and to re-sell the exclusive privilege or otherwise dispose of it at the risk of the licensee, or to place it under the management of Government. When a license is cancelled, the rent for the whole period of the license shall become due at once; and all loss caused to Government by the cancelment of the license or by the re-sale or other disposal of the privilege, shall be made good by the licensee or his surety in the manner specified under para 3 above. All sums due shall be recovered in the same manner as if they were the arrears of land revenue.

8. The imposition of a fine or the forfeiture of a deposit or the cancellation of the license under the last preceding condition, shall not be held to prevent the prosecution of the licensee or his agents or employees for any offence punishable under the law for the time being in force.

SALE OF TODDY SHOPS FOR 1902-03.

Notification No. 14854—Ex F. 7-1901, dated Bangalore, 7th March 1902.

1. It is hereby notified by the Government of Mysore that the exclusive privilege of selling toddy in each shop or group of shops specified in the appended *Schedule for one year, beginning with 1st July 1902 and ending with 30th June 1903, will be put up to public auction at upset prices by the respective Deputy Commissioners or by Revenue Sub-Division Officers or Divisional Officers of the Excise Department or Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, on the dates mentioned in the said Schedule, and at the respective Taluk kasbas, and will be knocked down to the bidder offering the highest amount of rent for the aforesaid privilege. If the sales are not completed on above named days, they will be continued on the next following days. The licensee is not required to make any additional payment on account of local cess. The Officer conducting the sale shall be at liberty to revise, when necessary, the grouping of shops as specified in the Schedule hereto appended, and to accept or reject any bid at discretion, or to sell the said privilege in any particular case, by means of tenders or by private negotiation, or to sell the privilege in any Coffee Estate to the planter for a fixed amount not less than Rs. 12 per shop. The shops in alienated villages shall be separately sold, and the amounts connected therewith shall be shown in the accounts under a distinct head. The sale in every case shall be subject to the conditions hereinafter set forth and shall, unless revised by the Government, take effect upon formal confirmation by the Deputy Commissioner. Should there be no bid above the upset price, the officer conducting the sale may lower the upset price at discretion. The condition and character of intending bidders may be enquired into, and the officer conducting the sale may, at the time of sale, refuse to receive the necessary deposit, which gives the right to bid, from persons regarding whom the result of such enquiries is not satisfactory. No former licensee who has been guilty of infringement of the terms of his license or of the Excise Laws in force, shall be entitled to bid. The officer conducting the sale shall not be bound to accept the highest bid, should he consider it to be so extravagantly high as to afford apprehension of the licensee breaking down.

2. Parties intending to bid must attend either in person or by duly authorized agents; and no person shall be permitted to bid either on his own behalf or on account of any one else until he has made a deposit of Rs. 10, in the case of individual shops, or Rs 25 in the case of groups of shops, or such other reasonable amount as may be fixed by the officer conducting the sale. Such deposits will be returned at the close of the sale.

3. The successful bidder must, on the exclusive privilege being knocked down to him, and before the next shop or group of shops is put up for sale, deposit a sum equal to one-twenty-fourth part of his bid for the year, that is to say, one-half of the monthly rent; and within fifteen days of the confirmation of the sale by the Deputy Commissioner being notified to him in writing, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to three months' rent. Within ten days after the expiry of the period allowed for making the deposit of three months' rent as above, the purchaser of the exclusive privilege shall execute an agreement binding himself and so much of his movable and immovable property as may be deemed sufficient, to observe the conditions hereinafter set forth, as well as those specified in the license to be issued to him; and his surety, if any has been accepted under the next following para, shall execute a bond in the prescribed form binding himself and so much of his movable and immovable property as may be deemed sufficient by the Deputy Commissioner, for the due fulfilment by the purchaser of the terms of his agreement. If default is made in making the deposit or deposits or in executing the agreement or the security bond, if any, within the time allowed therefor by this para, the exclusive privilege shall be forthwith re-sold or otherwise disposed of by the Deputy Commissioner at the risk of the first purchaser, who shall forfeit to the Government any deposit or deposits already made by him, and shall further be liable to make good any loss by the re-sale or other disposal, but shall not be entitled to any gain by the re-sale or other disposal. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

*NOTE.—For Schedule, see *Mysore Gazette*, Extraordinary, dated 31st March 1902.

4. The deposit made under the preceding para shall be either in cash or in Government of India Securities or Mysore Debentures duly endorsed in favor of the Deputy Commissioner. Provided that in lieu of a deposit of three months' rent as above, the Deputy Commissioner may, in his discretion, allow any purchaser to deposit one month's rent as above, and to furnish approved personal security for an amount equal to four months' rent or to deposit two months' rent and to furnish personal security for an amount equal to three months' rent. In all cases where the monthly rent does not exceed Rs. 10, a cash deposit equal to three months' rent shall invariably be taken, and no personal security shall be demanded or accepted. If the purchaser shall be found to be a foreigner having no property in the Mysore State, or to be of doubtful solvency, he may be required to deposit twice the prescribed sum or to get a surety or sureties, residents of and possessing property in the Mysore State, to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract.

5. As soon as the agreements and bonds have been executed, the Deputy Commissioner will issue a license in the prescribed form, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions:—

(1) For the supply of toddy to his shops, the licensee shall have the privilege of obtaining, subject to Tree-tax Rules, toddy-yielding trees in the groves assigned to his shop or group of shops; and he shall be at liberty to manufacture toddy from the trees in private lands, under private arrangements between himself and the owners of such lands. He may purchase toddy from any lincensed toddy shop-keeper on application to the Inspector, who will grant the necessary permits on proof of the necessity for the same.

(2) The exclusive privilege shall extend to the sale of date, palmyra, cocoanut, bagani, and dadasal toddy. But in tracts where both date and bagani toddy shops exist, the licensee of the date toddy shop shall not tap bagani trees, and the licensee of the bagani toddy shop shall not tap date trees; but both licensees can tap any of the other palm trees named above.

(3) The amount of rent shall be payable into the local Government Treasuries on printed chellans furnished for the purpose by Government, in equal monthly instalments commencing from 1st July 1902. But if the amount of annual rent for any shop does not exceed Rs. 5, the whole of it shall be paid in the first instalment. Each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, by record in writing, cancel the license, order the forfeiture of all deposits made by the defaulter, and proceed to re-sell or otherwise dispose of the shop or group of shops at the defaulter's risk, as soon after the last day of the month as may be possible. Provided, however, that instead of re-selling the same as above, the Deputy Commissioner may, in his discretion, direct the Amildar to issue licenses to sub-vendors or vendors under the defaulting licensee for rents, the aggregate of which is not less than the rent the defaulting licensee had agreed to pay.

(4) The deposit made by the licensee shall be taken in payment of the instalment due in the last month or months of the period of the license. All arrears and deficits payable by a licensee shall, with interest at 6 per cent per annum, be recoverable from him or his surety, under the rules in force for the recovery of land revenue. Interest shall be calculated on all arrears from the date of default and on deficits from the date of re-sale.

(5) If the Deputy Commissioner does not confirm the re-sale, he may make such other arrangements as may appear advisable for the remainder of the period of the license, in which case he shall serve a notice on the defaulting licensee, informing him of the nature of the arrangements made.

(6) Toddy shall not be sold to the public at less than the retail rates specified in the appended schedule.

(7) The toddy shall be sold pure as drawn from trees, and shall not be adulterated or diluted in any manner in the shops, or depôts, if any.

(8) If the licensee of a group of shops wishes to establish a depôt for depositing toddy required for distribution to his shops, he shall obtain a license for it in

the prescribed form. The licensee of the depôt shall keep true accounts of the quantity of toddy received in the depôt and issued to the shops. The passes issued with the toddy transported, shall be subject to examination and check by the officers authorized on this behalf.

(9) Toddy shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form, and no new shops shall be opened without the previous sanction of the Excise Commissioner. Tree-foot sales or sales in the open, or the disposal of toddy in any other manner unauthorized by the Rules, are strictly prohibited. Provided, however, that in bagani tracts, the licensee who has purchased the right of vend of bagani toddy, may permit the tapping of bagani trees for domestic consumption, as well as for sale within the limits of the village purchased by him. The licensee of each shop will be required to keep an account of the receipts and expenditure of toddy in his shop.

(10) The Deputy Commissioner may, whenever he thinks fit, direct any shop or shops to be closed, or permit transfers of shops from one place to another within two hundred yards of the original sanctioned site. A sufficient supply of toddy shall be maintained in all sanctioned shops.

(11) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending arrack within the taluk in which his shop is situated, nor permit any person having interest in the exclusive privilege of vending arrack in the taluk, to hold any share or interest in his exclusive privilege of selling toddy; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any toddy shop or farm outside the Territories of Mysore.

(12) The licensee shall be bound by the provisions of the Excise law and rules thereunder for the time being in force and by the terms and conditions of the license. The licensee shall use such measures of capacity as may, from time to time, be prescribed by Government, and provide himself with permits for the transport of toddy. Printed forms of permits may be purchased from Excise officers.

(13) The license shall not be transferable, except with the permission of the Excise Commissioner.

6. (1) Tree-tapping licenses in the prescribed form shall be issued on the application—

(*a*) of licensed toddy shop-keepers or of their duly authorized agents,

(*b*) of toddy shop-keepers in British Territory desirous of obtaining toddy from trees growing in the Mysore Territory but free from payment to the Mysore Government of the Tree-tax prescribed in clause 9 below, and

(*c*) of tree-owners in coffee estates, hittals and kans in the malnad free of the prescribed tree-tax for drawing toddy for *bona fide* domestic purposes as per Government Order No. 11897-906—Excise 485, dated 20th June 1898, for such number of trees as may be found necessary by the Excise Commissioner.

The licenses may be issued in the name of the applicant himself or of his nominees.

(2) Applications for the grant of tree-tapping licenses must be made in the prescribed form to the Excise Inspector of the Range concerned through the Local Treasury. Forms may be obtained from him or the Assistant Inspectors under him.

(3) Applications for tree-tapping licenses, for trees in occupied or alienated lands, should be countersigned by the owner of the trees intended to be marked in token of his consent. Applications for tree-tapping licenses for trees in State Forests and Plantations should be countersigned by the Forest Range Officer in token of his consent.

(4) Persons applying for the issue of tree-tapping licenses will be responsible to Government for all sums payable as tree-tax on account of the trees licensed therein to be tapped and also to tree-rent in the case of trees on Government unoccupied lands.

(5) On receipt of an application, the Inspector will at once take steps for the marking of the trees by an officer superior in rank to a Sub-Inspector and for the timely issue of the license. Applicants for trees shall point out to the marking

officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so after reasonable notice, the tree-tax and tree-rent paid by them shall be liable to be forfeited at the Deputy Commissioner's discretion.

(6) Deputy Commissioners may, subject to the orders of the Excise Commissioner from time to time, prescribe the minimum number of trees for which licenses will be granted and the minimum number to be entered in a single application. They may also direct that the trees situated in one village only shall be included in an application.

(7) No trees shall be tapped, nor shall toddy be drawn from any toddy tree, nor shall any pot be attached to any toddy tree, until the tree has been marked by the proper officer. But the removal of leaves for the purpose of making incisions and the preparation of the spathes or incisions for the drawing of toddy is permitted as soon as the application in the prescribed form has been delivered to the Treasury.

(8) For all toddy-yielding trees, tree-tapping licenses shall be annual. For the convenience of the licensee, applications for tree-tapping licenses will be received, trees will be marked and licenses will be issued during the fifteen days, and pots may be attached to such marked trees during the five days, immediately preceding the period to which they relate, to take effect from the commencement of such period, provided that no toddy shall be removed from the trees except during the currency of such license.

(9) No tree shall be tapped for toddy without a license therefor to be obtained by payment of tree-tax at the following rates :—

Tree.	Tree-tax for each tree per annum including local cess. Rs.	a.	p.
Date	1	1	0
Coconnut..	2	2	0
Palmyra	1	9	6
Bagani or Sago palm	1	9	6
Dadasal (Arenga wightii)	0	8	6

Note—The licenses will be free of tax to the Mysore Government in the cases specified in clause (1) *(b)* and *(c)* above.

(10) In addition to the above tax, tree-rent at annas 4 per tree per annum with local cess thereon shall be paid for all Government trees tapped for the supply of toddy shops whether within or outside the Mysore Territories or in the Civil and Military Station of Bangalore.

NOTE.—No trees upon Government occupied land can be tapped without the consent of the owner. The present arrangement as regards trees on alienated land will hold good subject of course to the levy by Government of tree-tax.

The amount shall be credited to the respective Departments concerned.

(11) The tree-tax and tree-rent (with local cess on both the items) shall be payable in the following instalments, unless the Excise Commissioner shall otherwise direct :—

Period within which license is applied for.	Proportion of tree-tax and tree-rent to be paid at the time of application for license.	Proportion of tree-tax and tree-rent to be paid before the end of the month following.
Between 1st July 1902 and 30th April 1903.	One-third ...	The remaining two-thirds. But if the number of date, cocoanut and palmyra trees applied for be ten or less than ten, and of bagani and dadasal trees be five or less than five, the whole amount of tree-tax and tree-rent payable thereon, shall be paid with the application.
Between 1st May 1903 and 30th June 1903.	The whole ...	None.

(12) Under the arrangement which has been arrived at with the Government of Madras, the tree-tax on toddy produced by the trees in the Madras Presidency but

consumed in the Mysore State, will be credited to the Mysore Government and *vice versa*. The rate of tree-tax to be paid in such cases will invariably be the highest in force on either side of the frontier. The following procedure shall be observed on the subject—

(*a*) Tree-tax on trees in the Madras Presidency for which tapping licenses are about to be taken out by Mysore shop-keepers, must be paid in one instalment to the Amildar of the Taluk concerned in the Mysore State, who will grant a receipt in the prescribed chellan form and certify at the foot that the applicant is a person entitled to take out tree-tapping licenses. The applicant will then make his application to British authorities in accordance with the Madras Government Tree-tapping Rules, and will obtain a Transport Permit from the Inspector concerned in the Mysore State for the transport of the toddy drawn from the frontier to the shop or depot for which it is intended, after having complied with all requirements of the Madras Government Rules.

(*b*) A shop-keeper or renter in the Madras Presidency desiring to obtain toddy from trees growing in the Mysore Territory, will pay into the Tahsildar's Treasury concerned in the Madras Presidency, the tree-tax on the trees which he proposes to tap. The Tahsildar after satisfying himself that the applicant is a person who is entitled to take out a tree-tapping license, will grant a receipt with this fact certified at the foot.

(*c*) The applicant will then proceed to make an application to the proper Mysore authorities in accordance with the Tree-tapping Rules in force in that State. The Mysore authorities concerned will accept the receipt and certificate as evidence that the amount mentioned has been paid, and that the applicant is a person by whom an application for a tree-tapping license may be made. It must, however, be distinctly understood that licenses may be refused at discretion in the case of trees reserved by the Excise Department, for the purpose of giving them rest or for other reason considered sufficient by the officer refusing the license. The issue of licenses, marking of the trees etc., will be effected in precisely the same manner as if the applicant were a shop-keeper in the Mysore State, the number of trees to be licensed being calculated at the higher rate of the tree-tax, whether British or Mysore, if the rate is not the same on both sides of the frontier.

(*d*) The Inspector concerned in the Mysore State will issue Transport Permits to the frontier in the usual way, care being taken, as far as possible, to prescribe a route which does not involve the toddy approaching any Mysore toddy shops. The latter should not be located along any of the main routes by which toddy is exported to the Madras Presidency, if it can be avoided; and the attention of the Deputy Commissioner concerned should be invited to the desirability of removing adjacent shops to a distance. It will be for the British officer to grant permits from the frontier on to the destination of the toddy.

(*e*) Transport Permits, for toddy exported by rail, will be given in batches of seven or any other requisite number, one for each day, to allow of a Transport Permit being invariably attached to the Way-bill.

(13) In the tree-tapping licenses granted on the application of British renters and shop-keepers, the following rule will be inserted—

"All toddy drawn by the licensee shall, as soon as the pots containing it are removed from the trees, be immediately conveyed direct across the frontier into the Madras Presidency, under a General Transport Permit granted by the Deputy Commissioner of the District, or other duly authorized officer or person. Transfers of toddy, even by way of gift, between the time of drawing and crossing the frontier, and tree-foot sales or sales in the open, or the disposal of the toddy in any other manner unauthorized by the rules in force, are strictly prohibited."

(14) Licenses to British shop-keepers to tap trees in the Mysore State are granted in consideration of the payment of tree-tax to the British Government, and are liable to cancellation at its request, or that of any officer duly empowered by it in this behalf.

(15) Toddy drawn from British trees may be allowed to pass across Mysore Territory on permits granted by British officials, provided they are countersigned by the Inspector of the Range in Mysore Territory through which the toddy is being transported.

(16) Every person to whom a tapping license is granted for the manufacture of toddy either for local consumption or for export to British Territory, shall observe the following rules in tapping date trees—

(*a*) Date trees shall be tapped only by professional men.

(*b*) Trees tapped one year shall not ordinarily be tapped the next year.

(*c*) Trees shall not be over-tapped or overworked.

(*d*) In no date tree shall the initial incision be made at any point less than 3 feet from the ground except in places were permission is specially given.

(*e*) The depth and width of the incision shall not exceed one-third of the diameter of the tree, and the length of it shall not exceed eight inches.

(*f*) Every fresh incision shall not be less than one foot above the last incision, except in localities where permission is specially given.

(*g*) The central spike-like clusters shall not be touched. Of the lateral leaves not less than two layers of leaves shall be left, reckoning from the layers immediately next to the central clusters down to the top line of the incision; or in other words, above the top line of the incision not less than eight leaves shall be left excluding the central spike-like clusters, on that face of the tree on which the incision is made.

(*h*) The licensee shall not cut or injure or permit to be cut or injured the trees licensed to him, or any other trees.

(*i*) The licensee or his employer will be liable to pay a fine of one rupee for each tree in excess of three per cent of the number of trees marked for him which may die from over-tapping or careless tapping either during the lease or within six months after its expiration.

(17) In every grove where toddy-yielding trees are tapped, a ladder shall always be kept by the tapmen to enable Excise officers to examine incisions or spathes, as the case may be, or to measure the incisions.

7. In case of any breach of the aforesaid Rules or of the conditions of the license, either by the licensee, or with his connivance or privity by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach or neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license, and to re-sell the exclusive privilege or otherwise dispose of it at the risk of the licensee, or to place it under the management of Government. When a license is cancelled, the rent for the whole period of the license shall become due at once; and all loss caused to Government by the cancelment of the license or by the re-sale or other disposal of the privilege, shall be made good by the licensee or his surety in the manner specified under para 3 above. All sums due shall be recovered in the same manner as if they were the arrears of land revenue.

8. The imposition of a fine or the forfeiture of a deposit or the cancellation of the license under the last preceding condition, shall not be held to prevent the prosecution of the licensee or his agents or employees for any offence punishable under the law for the time being in force.

Notification No. Ex. 15842-342, dated Bangalore, 22nd March 1902.

It is hereby notified by the Government of Mysore that the exclusive privilege of selling arrack in the defined tracts specified in the appended *schedule for the twelve months beginning with 1st July 1902 and ending with 30th June 1903, will be put up to public auction at upset prices at the respective taluk kasbas, on the dates mentioned in the said schedule by the respective Deputy Commissioners, or by Revenue Sub-Division Officers or Divisional Officers of the Excise Department or by Assistant

Commissioners specially authorized by the Deputy Commissioners for the purpose. If the sales are not completed on those days, they will be continued on the next following days. Should there be no bids for any of the aforesaid tracts singly, the officer conducting the sale may revise the tracts at discretion, clubbing together more than one tract, or selling the tracts by taluks, or, if necessary, reserving special tracts in which there may at present be no shops, for disposal afterwards. Should there be no bid above the upset price, the officer conducting the sale may lower the upset price at discretion. The condition and character of intending bidders may be enquired into; and the officer conducting the sale may, at the time of sale, refuse to receive the necessary deposit which gives the right to bid from persons regarding whom the result of such enquiries is not satisfactory. No former lessee who has been guilty of an infringement of the terms of his lease or of the Excise Laws or Rules, shall be entitled to bid. The officer conducting the sale shall not be bound to accept the highest bid, should he consider it to be so extravagantly high as to afford apprehension of the lease breaking down.

2. The exclusive privilege above described will be put up to auction, farm by farm, and each farm put up to auction will be knocked down to the approved highest bidder, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion without assigning reasons for the same. Such formal confirmation will, *unless revised by Government for special reasons*, be tantamount to an acceptance of the bid.

3. (*a*) Parties intending to bid must attend either in person or by duly authorized agents.

(*b*) No person will be permitted to bid until he has deposited Rs. 200 for each defined tract or farm, or such other reasonable amount as may be fixed by the officer conducting the sale (provided that the Government may at any time dispense with such initial deposit).

(*c*) The deposits made by unsuccessful bidders, if not forfeited as hereinafter provided, will be returned at the close of the sale.

(*d*) The successful bidder must, on the farm being knocked down to him, and before the next farm is put up for sale, deposit a sum equal to ⅓ths of a month's rent.

(*e*) Within 15 days from the date of confirmation of sale by the Deputy Commissioner, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to two months' rent. If he shall be found to be a foreigner having no property in the Mysore State or to be of doubtful solvency, he may be required to deposit twice the prescribed sum, or to get a surety or sureties to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract.

(*f*) If he fail to make any of the deposits aforesaid, or to get the requisite surety or sureties, the deposits already made shall be forfeited, the farm shall be immediately re-sold or otherwise disposed of under orders of the Deputy Commissioner, and he shall be debarred from bidding again for the same or for any other farm.

4. Re-sales effected under para 3 shall be at the risk of the defaulting bidder, who shall forfeit all gain, and in the event of a loss by the re-sale, shall make good the deficiency between the total amount payable by him for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposit shall be deducted from the loss arising from the re-sale; and the remainder, if any, shall be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit shall be credited to Government.

5. The purchaser of the exclusive privilege of vend in each defined tract shall sign an agreement binding himself and so much of his movable and immovable property as may be deemed sufficient by the Deputy Commissioner for the due fulfilment by the purchaser of the terms of his agreement; and the agreement shall be executed within ten days of the expiry of the period of fifteen days above mentioned. If the purchaser fails or refuses to sign the agreement, all deposits already made shall be forfeited; and the exclusive privilege shall be re-sold at the risk and loss of the first purchaser as set forth in paras 3 and 4, or be otherwise disposed of. In the case of the purchaser's death after confirmation of the sale, it shall be binding on his heirs or assigns.

6. The details of consumption of arrack in the shops of the existing farms and at depots, the amount of rental of each farm etc., for several years past are specified in the appended schedule.

7. As soon as the agreement has been executed, the Deputy Commissioner shall issue a license in the prescribed form, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions:—

(1) The exclusive privilege shall extend only to the sale of arrack ordinarily of 20° under-proof, and with the special permission of the Deputy Commissioner or other officer authorized by him, to the sale of arrack of 30° under-proof. But it shall not extend to the sale of double-distilled or rectified country spirits and other special liquors, such as brandy, whisky, gin etc, manufactured at the Government Central Distillery, Bangalore, and which the foreign-liquor shop-keepers alone are permitted to sell at the prices fixed by themselves.

(2) The amount for which the privilege has been purchased shall be payable into the local Taluk Treasuries on printed chellans in equal monthly instalments commencing from July 1902. Each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, declare, by record in writing, that the license is forfeited, and proceed to re-sell the farm as soon after the last day of the month as may be possible. Provided, however, that instead of re-selling the farm as above, the Deputy Commissioner may, in his discretion, direct the Amildar to break up the defaulting farm into the existing number of shops within it and to give each separate shop-keeper a license for the rent he agrees to pay, provided the total of such rents is not less than what the defaulting farmer had agreed to pay.

(3) (*a*) The deposit made by the licensee shall be taken in payment of the instalments due in the last two months of the period of the farm. Provided, however, that where the farm is re-sold or broken up under the provisions of sub-clause (2) above, the deposit shall, at the discretion of the Deputy Commissioner, be either forfeited or be appropriated towards the arrears due by the defaulter, as well as towards the deficits, if any, arising from the re-sale of the farm. The balance of such arrears and deficits, if any, shall be recoverable from the licensee under the rules in force for the recovery of arrears of land revenue. No remission or abatement of the rent or compensation shall, on any account whatever, be claimable by the licensee.

(*b*) Interest at 6 per cent per annum shall be recoverable on all arrears from the date of default, and on deficits from the date of re-sale.

(4) (*a*) The licensee shall purchase molasses arrack at 8½ annas per gallon of 20° U. P. from Messrs. Arbuthnot & Co., of Madras, who have been appointed manufacturers of arrack and other country spirits to the State, or from any Bonded Depot established under the sanction of Government. The licensees of the vend farms in the taluks of Chikmagalur, Koppa, Mudgere, Tarikere, Manjarabad and Belur can also purchase jaggery arrack from Bonded Depots in duly corked sealed bottles at Rs. 6-2-6 per gallon of 20° U. P. and sell such bottles only to respectable individuals at Rs. 7-7-0 per gallon of 20° U. P. or Rs. 1-3-10 per reputed quart bottle.

(*b*) The rates payable as above shall be in addition to excise duty which shall be prepaid into the Taluk Treasury or into any other Government Treasury with the permission of the Deputy Commissioner as per following condition (5), at Rs. 4¾ per gallon of 20° U. P. and proportionately for lower strengths, before the removal of the arrack from the distillery, or from any Bonded Depot established under the sanction of Government.

(*c*) The licensee shall sell molasses arrack to the public at Rs. 6-6-0 per gallon of 20° U. P. (*i. e.*, at annas 2 per dram, which is equal to $\frac{1}{51}$st part of a gallon) and at proportionate rates for lower strengths.

(5) (*a*) The licensee who obtains his supplies of arrack in his own vessels direct from the distillery shall pay the above duty into the Taluk Treasury and obtain a receipt in the prescribed form. On production of such receipt and an indent for the supply of the arrack covered by the receipt, and on payment of the price of such arrack at the aforesaid rates to the manufacturers or their agent, obtaining a receipt from him therefor, the officer in charge of the Distillery shall issue the quantity of arrack covered by the amount of duty shown in the Treasury receipt, and he shall forward the Treasury receipt to the Excise Commissioner's office under his endorsement as to the date and hour when the arrack was issued; and he shall issue a rahadari in the prescribed form for the transport of arrack from the Distillery.

(*b*) The licensee who gets his supplies from a Bonded Depot, shall pay both the price and duty into the Taluk Treasury and obtain a receipt in the prescribed form. On production of such receipt and an indent for the supply of the arrack covered by the receipt, the Bonded Depot-keeper shall issue the quantity of the arrack covered by the amount of price and duty shown in the Treasury receipt, which shall be dealt with as laid down in the last preceding clause.

(*c*) The arrack issued to the licensee's shops shall be covered by the prescribed permits.

(6) The licensee who obtains his supplies of arrrck from a Bonded Depot will not be required to open his own depot, or to provide himself with his own casks. In such cases the Government transporting contractor, his agent or servants shall convey such licensee's supplies of arrack from the Distillery, and deliver the same to him or to the shop-keepers under him in the said Bonded Depot. Provided, however, that in the event of the licensee pre-paying the duty and price of the whole contents of any casks received from the Distillery, he will be at liberty to distribute the whole quantity at once to his shops, or to remove it in his own vessels to any depot which he may open within his farm under the Deputy Commissioner's license, and issue therefrom the requisite supply to his shops. He shall be bound to keep in the Bonded Depot or in his own Depot, if any, such stock of arrack as may be ordered by the Excise Commissioner.

(7) With the consignments of arrack from the Distillery or Bonded Depot to Farm Depots, as well as with those from Farm Depots or Bonded Depots to shops, sample bottles shall be issued in such manner as may be ordered by the Excise Commissioner. The arrack kept in Farm Depots or issued therefrom to shops, as well as the arrack kept in shops or sold therefrom to the public, shall be of the same quality and strength as issued from the Distillery or Bonded Depot, and shall not be adulterated or diluted in any manner whatever.

(8) The licensee shall keep true accounts of the quantity and strength of the arrack purchased by him and issued to shop-keepers. The rahadaris or passes issued with the arrack purchased by him shall be subject to examination and check under the rules in force or which may be issued by Government from time to time.

(9) The arrack shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form, and no new shops shall be opened without the previous sanction of the Excise Commissioner.

(10) The Deputy Commissioner may, whenever he thinks fit, direct any shops to be closed, or permit transfers of shops from one place to another.

(11) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending toddy in any part of the taluk within which his farm is situated, nor permit any person having interest in the exclusive privilege of vending toddy in any part of the taluk, to hold any share or interest in his exclusive privilege of selling arrack; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any arrack farm in any districts of the Madras or Bombay Presidency under the British Government or any other Foreign State or Territory

(12) The licensee shall be bound to take over any arrack which may remain as stock in hand belonging to the out-going farmer on the 1st July 1902 in the Bonded Depot or in his Farm Depot, or in his shops, paying to the out-going farmer such compensation for the same as may be fixed by the Excise Commissioner.

(13) The licensee shall be bound by the provisions of the Excise Laws in force, and by any additional rules which may from time to time be prescribed under the Excise Laws. The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the prescribed forms of accounts and permits or passes for the transport of arrack, which forms shall be purchased from the local Excise officers.

(14) The farm shall not be transferable except with the permission of the Excise Commissioner.

(15) The Deputy Commissioner shall grant to each shop under the licensee, a license in the prescribed form.

(16) Resignations of farms in whole or part shall be summarily rejected by the Deputy Commissioner.

8. In case of any breach of the aforesaid conditions or of the license either by the licensee, or with his connivance or privity by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on the business of his farm with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach or for such neglect or at the option of the Deputy Commissioner to declare the money deposited with him forfeited and to cancel the license, and re-sell the exclusive privilege or to otherwise dispose of it, at the risk of the licensee, or to place the farm under the management of Government; and all loss thereby caused, together with all losses accruing to Government in consequence of the licensee's neglect to carry on his business by opening his shops on 1st July 1902, shall be made good by the licensee. When a farm is cancelled, the rent for the whole period of the farm shall become due at once. All such amounts of penalties and losses shall be recovered in the same manner as if they were the arrears of land revenue.

9. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding condition shall not be held to prevent the prosecution of the licensee or his agents or employees for any offence punishable under the Excise Laws or other law for the time being in force.

SALE OF SEPARATE ARRACK SHOPS FOR 1902–1903.

Notification No. Ex. 15843–343, dated 22nd March 1902.

1. Notice is hereby given that the right of selling Arrack in each of the separate shops in the tracts specified in the appended *schedule, for the twelve months beginning with 1st July 1902, and ending with 30th June 1903, will be put up to public auction at upset prices, by the respective Deputy Commissioners or by Revenue Sub-Division Officers or by Divisional Officers of the Excise Department or Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, on the dates and at the places mentioned in the said schedule. If the sales are not completed on abovenamed days, they will be continued on the next following days.

2. Each bidder at the auction will deposit a sum of Rs. 60 or such other reasonable amount as may be fixed by the officer conducting the sale, previous to bidding. The shops will be knocked down to the approved highest bidder, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion without assigning reasons for the same. Such formal confirmation will, *unless revised by Government for special reasons*, be tantamount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents. Should there be no bid above the upset price, the officer conducting the sale may lower the upset price at discretion. The condition and character of intending bidders may be enquired into; and the officer conducting the sale may, at the time of sale, refuse to receive the necessary deposit which gives the right to bid from persons regarding whom the result of such enquiries is not satisfactory. No former licensee who has been guilty of an infringement of the terms

* NOTE.—For Schedule see *Mysore Gazette*, Supplement, dated 3rd April 1902.

of his lease or of the Excise Laws or Rules, shall be entitled to bid. The officer conducting the sale shall not be bound to accept the highest bid, should he consider it to be so extravagantly high as to afford apprehension of the lease breaking down.

3. As soon as the auction is completed, the deposits made by the unsuccessful bidders, if not forfeited as hereinafter provided, will be returned to them at the close of the sale. As the auction proceeds, the person whose bid is accepted for each shop shall at once deposit a sum equal to $\frac{5}{8}$ths of a month's rent for that shop; and within seven days from the date of confirmation of sale by the Deputy Commissioner, he must deposit such further sum as, with the former deposits, will make up an aggregate sum equal to two months' rent. If he shall be found to be a foreigner having no property in the Mysore State, or to be of doubtful solvency, he may be required to deposit twice the prescribed sum or to get a surety or sureties to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract. If he fail to make any of these deposits or to get the requisite surety or sureties, the deposits already made will be forfeited, the shop will be immediately re-sold or otherwise disposed of under orders of the Deputy Commissioner, and he will be debarred from bidding again for the same or for any other shop.

4. Re-sales effected under para 3 will be at the risk of the defaulting bidder, who shall forfeit all gain; and in the event of a loss by re-sale, he shall make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposit shall be deducted from the loss arising from the re-sale, and the remainder, if any, shall be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit shall be credited to Government.

5. Persons to whom shops have been knocked down shall, within ten days of the expiry of the period of seven days abovementioned, take out licenses and execute agreements in the prescribed form, binding themselves and so much of their movable and immovable property as may be deemed sufficient by the Deputy Commissioner for the due fulfilment by them of the terms of their agreement. On the failure of any person to take out licenses or to execute agreements as aforesaid, all deposits already made shall be forfeited, the shop or shops shall be re-sold at the risk and loss of such person, or be otherwise disposed of. In the case of the purchaser's death after confirmation of the sale, it will be binding on his heirs or assigns.

6. The amount of rental, the consumption of each shop etc., for several years past are specified in the appended schedule.

7. The license to be taken out under para 5 above, shall be subject to the following conditions, namely:—

(1) The privilege conferred by the license extends only to the sale of arrack ordinarily of 20° the strength of under-proof, and with the special permission of the Deputy Commissioner or other officer authorized by him, to the sale of arrack of 30° under-proof. But it shall not extend to the sale of double-distilled or rectified country spirits and other special liquors such as Brandy, Whisky, Gin etc., manufactured at the Government Central Distillery, Bangalore, and which the foreign-liquor shop-keepers alone are permitted to sell at the prices fixed by themselves.

(2) (*a*) The amount for which the privilege has been purchased shall be payable into the local Taluk Treasury, in equal monthly instalments, commencing from July 1902. Each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, declare, by record in writing, that the license is forfeited, and proceed to re-sell the separate shop as soon after the last day of the month as may be possible.

(*b*) The deposit made by the licensee shall be taken in payment of the instalments due in the last two months of the period of the lease. Provided, however, that where the separate shop is re-sold the deposit shall, at the discretion of the Deputy Commissioner, be either forefeited or be

appropriated towards the arrears due by the defaulter, as well as towards the deficits, if any, arising from the re-sale of the shop. The balance of such arrears and deficits, if any, shall be recoverable from the licensee under the rules in force for the recovery of arrears of Land Revenue. No remission or abatement of the rent or compensation shall, on any account whatever, be claimable by the licensee.

(c) Interest at 6 per cent per annum shall be recoverable on all arrears from the date of default, and on deficits from the date of re-sale.

(3) (a) The licensee shall purchase Molasses Arrack at 8½ annas per gallon of 20° U. P. from Messrs. Arbuthnot and Company of Madras, who have been appointed manufacturers of Arrack and other country spirits to the State, or from a Bonded Depôt established under the sanction of Government. He can also purchase Jaggory Arrack from the Bonded Depôt in duly corked sealed bottles at Rs. 6-2-6 per gallon of 20° U. P. and sell such bottles only to respectable individuals at Rs. 7-7-0 per gallon of 20° U. P. or Rs. 1-3-10 per reputed quart bottle.

(b) The licensee shall sell Molasses Arrack to the public at Rs. 6-6-0 per gallon of 20° U. P. (*i.e.*, at annas 2 per dram, which is equal to $\frac{1}{51}$st part of a gallon) and at proportionate rates for lower strength.

(4) The licensee of every shop in the towns of Bangalore and Mysore shall pay a registration fee under the Municipal Regulation at the rate of Rs. 180 per annum in advance for the period of the license for his shop; and he shall pay also a license fee of 4 annas per gallon on all Arrack sold by him in excess of 55 gallons a month in each such shop.

(5) The above rates to be charged by the manufacturers, and the above fee are in addition to the Excise duty which shall be prepaid as per following condition (6), at the prescribed rate of Rs. 4-12-0 per gallon of 20° under-proof, and proportionately for lower strengths, before the removal of the Arrack from the Bonded Depôt established under the sanction of Government.

(6) The licensee shall pay the above duty and price to a special shroff appointed in this behalf at the cost of Government and located at the Taluk Cutcherry to receive such duty and price daily, including Sundays and holidays, and shall obtain a receipt in the prescribed printed form. On production of such receipt, and an indent for the supply of the Arrack covered by the receipt, the Bonded Depôt-keeper shall issue the quantity of Arrack equal to the amount of duty shown in the said receipt, which will be forwarded to the Excise Commissioner's office under the endorsement of the Bonded Depôt-keeper aforesaid, as to the date and hour when the arrack was issued. The Depôt-keeper aforesaid shall issue a pass in the prescribed form for the transport of Arrack from the Bonded Depôt. He shall also issue sample bottles with the consignments in such manner as may be ordered by the Excise Commissioner.

(7) The licensee shall be bound to take over any Arrack which may remain as stock in hand belonging to the out-going licensee on 1st July 1902, in the shop, paying him such compensation for the same as may be fixed by the Excise Commissioner.

(8) The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the printed forms of accounts and permits or passes for transport of Arrack, which forms shall be purchased from local Excise officers.

(9) The shop shall not be transferable except with the permission of the Excise Commissioner.

(10) Resignation of shops in whole or part will be summarily rejected by the Deputy Commissioner.

(11) The licensee shall be bound by the provisions of the Excise Laws and Rules in force and by any additional rules which may, from time to time, be prescribed under the Excise Laws.

(12) The remaining terms and conditions shall be as set forth in the prescribed license.

8. In case of any breach of the above conditions either by the licensee or, with his connivance and privity, by any person in his employment, or in the event of the licensee neglecting to open his shop, or to carry on the business of his shop with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding Rs. 10 for every such breach or for such neglect, or, at the option of the Deputy Commissioner, to declare the money deposited with him forfeited, and to cancel the license and re-sell the shop or to otherwise dispose of it at the risk of the licensee, or to place the shop under the management of Government; and all loss thereby caused, together with all losses accruing to Government in consequence of the licensee's neglect to carry on his business by opening his shop on 1st July 1902, shall be made good by him. When a shop is cancelled, the rent for the whole period of the shop shall become due at once. All such amounts of penalties and losses shall be recovered in the same manner as if they were arrears of land revenue.

9. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding para shall not be held to prevent the prosecution of the licensee or his agents or employees for any offence punishable under the Excise Laws or other Law for the time being in force.

SALE OF ARRACK VEND FARMS FOR 1902-1903.

Notification No Ex. 15842-342, dated Bangalore, 22nd March 1902.

It is hereby notified by the Government of Mysore that the exclusive privilege of selling arrack in the defined tracts specified in the appended * schedule for the twelve months beginning with 1st July 1902 and ending with 30th June 1903, will be put up to public auction at upset prices at the respective taluk kasbas, on the dates mentioned in the said schedule by the respective Deputy Commissioners, or by Revenue Sub-Division Officers or Divisional Officers of the Excise Department or by Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose. If the sales are not completed on those days, they will be continued on the next following days. Should there be no bids for any of the aforesaid tracts singly, the officer conducting the sale may revise the tracts at discretion, clubbing together more than one tract, or selling the tracts by taluks, or, if necessary, reserving special tracts in which there may at present be no shops, for disposal afterwards. Should there be no bid above the upset price, the officer conducting the sale may lower the upset price at discretion. The condition and character of intending bidders may be enquired into; and the officer conducting the sale may, at the time of sale, refuse to receive the necessary deposit which gives the right to bid from persons regarding whom the result of such enquiries is not satisfactory. No former lessee who has been guilty of an infringement of the terms of his lease or of the Excise Laws or Rules, shall be entitled to bid. The officer conducting the sale shall not be bound to accept the highest bid, should he consider it to be so extravagantly high as to afford apprehension of the lease breaking down.

2. The exclusive privilege above described will be put up to auction, farm by farm, and each farm put up to auction will be knocked down to the approved highest bidder, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion without assigning reasons for the same. Such formal confirmation will, *unless revised by Government for special reasons*, be tantamount to an acceptance of the bid.

3. (*a*) Parties intending to bid must attend either in person or by duly authorized agents.

(*b*) No person will be permitted to bid until he has deposited Rs. 200 for each defined tract or farm, or such other reasonable amount as may be fixed by the officer conducting the sale (provided that the Government may at any time dispense with such initial deposit).

(*c*) The deposits made by unsuccessful bidders, if not forfeited as hereinafter provided, will be returned at the close of the sale.

(*d*) The successful bidder must, on the farm being knocked down to him, and before the next farm is put up for sale, deposit a sum equal to 3ths of a month's rent.

(*e*) Within 15 days from the date of confirmation of sale by the Deputy Commissioner, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to two months' rent. If he shall be found to be a foreigner having no property in the Mysore State or to be of doubtful solvency, he may be required to deposit twice the prescribed sum, or to get a surety or sureties to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract.

(*f*) If he fail to make any of the deposits aforesaid, or to get the requisite surety or sureties, the deposits already made shall be forfeited, the farm shall be immediately re-sold or otherwise disposed of under orders of the Deputy Commissioner, and he shall be debarred from bidding again for the same or for any other farm.

*NOTE.—For Schedule, see *Mysore Gazette*, Supplement, dated 3rd April 1902.

4. Re sales effected under para 3 shall be at the risk of the defaulting bidder, who shall forfeit all gain, and in the event of a loss by the re-sale, shall make good the deficiency between the total amount payable by him for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposit shall be deducted from the loss arising from the re-sale; and the remainder, if any, shall be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit shall be credited to Government.

5. The purchaser of the exclusive privilege of vend in each defined tract shall sign an agreement binding himself and so much of his movable and immovable property as may be deemed sufficient by the Deputy Commissioner for the due fulfilment by the purchaser of the terms of his agreement; and the agreement shall be executed within ten days of the expiry of the period of fifteen days above mentioned. If the purchaser fails or refuses to sign the agreement, all deposits already made shall be forfeited; and the exclusive privilege shall be re-sold at the risk and loss of the first purchaser as set forth in paras 3 and 4, or be otherwise disposed of. In the case of the purchaser's death after confirmation of the sale, it shall be binding on his heirs or assigns.

6. The details of consumption of arrack in the shops of the existing farms and at depots, the amount of rental of each farm etc., for several years past are specified in the appended schedule.

7. As soon as the agreement has been executed, the Deputy Commissioner shall issue a license in the prescribed form, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions:—

(1) The exclusive privilege shall extend only to the sale of arrack ordinarily of 20° under-proof, and with the special permission of the Deputy Commissioner or other officer authorized by him, to the sale of arrack of 30° under-proof. But it shall not extend to the sale of double-distilled or rectified country spirits and other special liquors, such as brandy, whisky, gin etc., manufactured at the Government Central Distillery, Bangalore, and which the foreign-liquor shop-keepers alone are permitted to sell at the prices fixed by themselves.

(2) The amount for which the privilege has been purchased shall be payable into the local Taluk Treasuries on printed chellans in equal monthly instalments commencing from July 1902. Each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, declare, by record in writing, that the license is forfeited, and proceed to re-sell the farm as soon after the last day of the month as may be possible. Provided, however, that instead of re-selling the farm as above, the Deputy Commissioner may, in his dircretion, direct the Amildar to break up the defaulting farm into the existing number of shops within it and to give each separate shop-keeper a license for the rent he agrees to pay, provided the total of such rents is not less than what the defaulting farmer had agreed to pay.

(3) (*a*) The deposit made by the licensee shall be taken in payment of the instalments due in the last two months of the period of the farm. Provided, however, that where the farm is re-sold or broken up under the provisions of sub-clause (2) above, the deposit shall, at the discretion of the Deputy Commissioner, be either forfeited or be appropriated towards the arrears due by the defaulter, as well as towards the deficits, if any, arising from the re-sale of the farm. The balance of such arrears and deficits, if any, shall be recoverable from the licensee under the rules in force for the recovery of arrears of land revenue. No remission or abatement of the rent or compensation shall, on any account whatever, be claimable by the licensee.

(*b*) Interest at 6 per cent per annum shall be recoverable on all arrears from the date of default, and on deficits from the date of re-sale.

(4) (*a*) The licensee shall purchase molasses arrack at 8½ annas per gallon of 20° U. P. from Messrs. Arbuthnot & Co., of Madras, who have been appointed manufacturers of arrack and other country spirits to the State, or from any Bonded Depot established under the sanction of Government. The licensees of the vend farms in the taluks of Chikmagalur, Koppa, Mudgere, Tarikere, Manjarabad and Belur can also purchase jaggory arrack from Bonded Depots in duly corked sealed bottles at Rs 6-2-6 per gallon of 20° U. P. and sell such bottles only to respectable individuals at Rs. 7-7-0 per gallon of 20° U. P. or Rs. 1-3-10 per reputed quart bottle.

(*b*) The rates payable as above shall be in addition to excise duty which shall be prepaid into the Taluk Treasury or into any other Government Treasury with the permission of the Deputy Commissioner as per following condition (5), at Rs. 4¾ per gallon of 20° U. P. and proportionately for lower strengths, before the removal of the arrack from the distillery, or from any Bonded Depot established under the sanction of Government.

(*c*) The licensee shall sell molasses arrack to the public at Rs. 6-6-0 per gallon of 20° U. P. (*i. e.*, at annas 2 per dram, which is equal to $\frac{1}{51}$st part of a gallon) and at proportionate rates for lower strengths.

(5) (*a*) The licensee who obtains his supplies of arrack in his own vessels direct from the distillery shall pay the above duty into the Taluk Treasury and obtain a receipt in the prescribed form. On production of such receipt and an indent for the supply of the arrack covered by the receipt, and on payment of the price of such arrack at the aforesaid rates to the manufacturers or their agent, obtaining a receipt from him therefor, the officer in charge of the Distillery shall issue the quantity of arrack covered by the amount of duty shown in the Treasury receipt, and he shall forward the Treasury receipt to the Excise Commissioner's office under his endorsement as to the date and hour when the arrack was issued; and he shall issue a rahadari in the prescribed form for the transport of arrack from the Distillery.

(*b*) The licensee who gets his supplies from a Bonded Depot, shall pay both the price and duty into the Taluk Treasury and obtain a receipt in the prescribed form. On production of such receipt and an indent for the supply of the arrack covered by the receipt, the Bonded Depot-keeper shall issue the quantity of the arrack covered by the amount of price and duty shown in the Treasury receipt, which shall be dealt with as laid down in the last preceding clause.

(*c*) The arrack issued to the licensee's shops shall be covered by the prescribed permits.

(6) The licensee who obtains his supplies of arrrck from a Bonded Depot will not be required to open his own depot, or to provide himself with his own casks. In such cases the Government transporting contractor, his agent or servants shall convey such licensee's supplies of arrack from the Distillery, and deliver the same to him or to the shop-keepers under him in the said Bonded Depot. Provided, however, that in the event of the licensee pre-paying the duty and price of the whole contents of any casks received from the Distillery, he will be at liberty to distribute the whole quantity at once to his shops, or to remove it in his own vessels to any depot which he may open within his farm under the Deputy Commissioner's license, and issue therefrom the requisite supply to his shops. He shall be bound to keep in the Bonded Depot or in his own Depot, if any, such stock of arrack as may be ordered by the Excise Commissioner.

(7) With the consignments of arrack from the Distillery or Bonded Depot to Farm Depots, as well as with those from Farm Depots or Bonded Depots to shops, sample bottles shall be issued in such manner as may be ordered by the Excise Commissioner. The arrack kept in Farm Depots or issued therefrom to shops, as well as the arrack kept in shops or sold therefrom to the public, shall be of the same quality and strength as issued from the Distillery or Bonded Depot, and shall not be adulterated or diluted in any manner whatever.

(8) The licensee shall keep true accounts of the quantity and strength of the arrack purchased by him and issued to shop-keepers. The rahadaris or passes issued with the arrack purchased by him shall be subject to examination and check under the rules in force or which may be issued by Government from time to time.

(9) The arrack shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form, and no new shops shall be opened without the previous sanction of the Excise Commissioner.

(10) The Deputy Commissioner may, whenever he thinks fit, direct any shops to be closed, or permit transfers of shops from one place to another.

(11) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending toddy in any part of the taluk within which his farm is situated, nor permit any person having interest in the exclusive privilege of vending toddy in any part of the taluk, to hold any share or interest in his exclusive privilege of selling arrack; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any arrack farm in any districts of the Madras or Bombay Presidency under the British Government or any other Foreign State or Territory.

(12) The licensee shall be bound to take over any arrack which may remain as stock in hand belonging to the out-going farmer on the 1st July 1902 in the Bonded Depot or in his Farm Depot, or in his shops, paying to the out-going farmer such compensation for the same as may be fixed by the Excise Commissioner.

(13) The licensee shall be bound by the provisions of the Excise Laws in force, and by any additional rules which may from time to time be prescribed under the Excise Laws. The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the prescribed forms of accounts and permits or passes for the transport of arrack, which forms shall be purchased from the local Excise officers.

(14) The farm shall not be transferable except with the permission of the Excise Commissioner.

(15) The Deputy Commissioner shall grant to each shop under the licensee, a license in the prescribed form.

(16) Resignations of farms in whole or part shall be summarily rejected by the Deputy Commissioner.

8. In case of any breach of the aforesaid conditions or of the license either by the licensee, or with his connivance or privity by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on the business of his farm with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach or for such neglect or at the option of the Deputy Commissioner to declare the money deposited with him forfeited and to cancel the license, and re-sell the exclusive privilege or to otherwise dispose of it, at the risk of the licensee, or to place the farm under the management of Government; and all loss thereby caused, together with all losses accruing to Government in consequence of the licensee's neglect to carry on his business by opening his shops on 1st July 1902, shall be made good by the licensee. When a farm is cancelled, the rent for the whole period of the farm shall become due at once. All such amounts of penalties and losses shall be recovered in the same manner as if they were the arrears of land revenue.

9. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding condition shall not be held to prevent the prosecution of the licensee or his agents or employees for any offence punishable under the Excise Laws or other law for the time being in force.

No former licensee who has been guilty of an infringement of the terms of his lease or of the Excise Laws or Rules, shall be entitled to bid. The officer conducting the sale shall not be bound to accept the highest bid, should he consider it to be so extravagantly high as to afford apprehension of the lease breaking down.

GOVERNMENT OF INDIA.

ACCOUNTS AND FINANCE—PUBLIC DEBT.

Notification No. 3019, dated Simla, the 9th June 1902.

Three-and-a-half Per Cent. Loan.

His Excellency the Right Honourable the Governor General in Council has resolved to borrow one hundred and fifty lakhs of rupees for the public service in the following manner :

2. Promissory Notes will be issued for the said amount in the Form annexed to this Notification, being the form of the notes of the *Three-and-a-half Per Cent. Loan of 1900-01*, of which loan the notes to be now issued will form a part. All the conditions which apply to notes of the *Three-and-a-half Per Cent. Loan of 1900-01* will apply to the notes to be now issued. The interest on the notes of that loan is payable half-yearly on the 30th day of June and the 31st day of December ; and the notes are not liable to discharge before the 31st day of December 1920.

Tenders.

3. Tenders for the whole or any part of the said amount of Rs. 1,50,00,000 will be received by the Comptroller General from this date to noon of Wednesday, the 9th July next. Tenders must be for sums of 100 Rupees or multiples of that sum.

4. Each tender must be addressed, in the form annexed to this Notification, to the Comptroller General, Calcutta, and enclosed in a closed cover, superscribed "*Tender for the Three-and-a-half Per Cent. Loan.*" If the tenderer is not resident in India, he must name an agent resident in India to whom an allotment-certificate may be issued, if any part of the loan is allotted to such tenderer.

NOTE (1).—Tenders made in accordance with these instructions will also be received by the Accountants General at Madras, Bombay, Allahabad and Lahore, on account of the Comptroller General, Calcutta, on the 8th July and up to the local time corresponding to 12 o'clock in Calcutta on the 9th July; provided that—

(*a*) they are delivered personally or by clerk or messenger at the Accountant General's Office (where a receipt will be given for them) ;
(*b*) they are made on printed forms, to be obtained at the same office or at the local Presidency Bank ;
(*c*) each tender is for not less than Rs. 10,000 ;
(*d*) the deposit is either a promissory note or a Treasury Receipt from the local Office of the Presidency Bank, or a cheque on a local Bank in favour of the Accountant General ;
(*e*) the amount of the tender is made payable either at the place of tender or in Calcutta ;

and the Accountant General will return deposits on non-accepted tenders and will issue allotment-certificates so far as the tenders are payable in Madras, Bombay, Allahabad, or Lahore.

NOTE (2).—Tenders made in accordance with these instructions will also be received at all Head and Sub-Post Offices up to a date to be notified at each Post Office. The date will vary according to the distance of the Post Office from Calcutta and will in no case be later than the forenoon of the 7th July. The following conditions must be complied with :—

(*a*) the tenders must be delivered personally or by messenger at the Post Office, where a receipt will be given for them;
(*b*) they must be made on printed forms, to be obtained at the Post Office ;
(*c*) each tender must be for not less than Rs. 100 and not more than Rs. 2,000 ;
(*d*) the deposit must be a receipt for the amount (which may not exceed Rs. 40 for each tender) from the Post Master of the Post Office at which the tender is made ;
(*e*) the amount of the tender must be made payable either at the Head Post Office of tender (whether the tender was made at the Head Post Office or at one of its Sub-Offices) or in Calcutta. In the case, however, of a tender made at a Post Office in Calcutta, the amount of the tender must be made payable only at the Bank of Bengal.

The tenders will be transmitted by post by the Post Master to the Comptroller General so as to reach him before 11 A.M. on Wednesday, the 9th July. The Comptroller General will deal with them as if they had been made direct to him, returning deposits on non-accepted tenders through the Post Master.

5. The rate at which each tender is made must be specified in rupees or rupees and annas : a tender in which no rate is thus specified, but a subscription is offered in some other terms—as, for example, at the recorded minimum, or at some specified percentage in addition to the recorded minimum, or at the average of the accepted tenders—will be rejected as null and void.

6. The rate at which a tender is made must not contain a fraction of an anna: if a rate containing a fraction of an anna is inserted in any tender, such fraction will be struck out and the tender treated as if the rate did not contain such fraction of an anna.

Deposits.

7. Each tender must be accompanied by a deposit of not less than one-hundredth, or, if the tender be for less than Five Lakhs of Rupees, then for not less than one-fiftieth part of the tender. The deposit must be in one of the following forms: (*a*) a receipt for the amount from the Head Office of the Bank of Bengal, or Madras, or Bombay, or one of their Branches, or from an officer in charge of some Public Treasury, or (*b*) a cheque drawn in favour of the Comptroller General on a Bank in Calcutta, Madras, Bombay, Allahabad, or Lahore, or (*c*) Government Promissory Notes[1] standing in the name of, or endorsed to, the tenderer or the person making the deposit. In the case of tenders made at Post Offices under note (2) to clause 4, the deposit must be a receipt for the amount from the Post Master of the Post Office at which the tender is made.

[1] *It is particularly requested that such Promissory Notes may NOT be endorsed to the Comptroller General.*

8. (*a*) Deposits, not being promissory notes, will, in the case of accepted tenders, be credited proportionately in part payment of the allotment-certificates issued in respect of the tender, and will bear interest for the purpose of clause 16 below from the date of the opening of tenders. When a tender is not accepted in full, the deposits, when they are not in the form of promissory notes, will be credited as far as possible proportionately in part payment of the allotment-certificates issued in respect of it. If any allotment-certificate is not fully taken up, the deposit credited in respect of it will be forfeited.

(*b*) Promissory notes deposited in respect of any accepted tender will be held until all the allotment-certificates issued in respect of the tender are paid up, and will, if the allotment-certificates are not fully taken up, be appropriated by the Government and cancelled.

Opening of Tenders.

9. The Governor General in Council reserves the right to declare, on or before the 2nd July, the minimum rate at which tenders will be accepted. If not so declared, the said minimum rate will be recorded under the signature of the Comptroller General, and, before the tenders are opened, placed upon the table in a sealed envelope, but will not be declared unless some tender is rejected only because it is below the recorded minimum.

10. Tenders will be opened publicly by the Comptroller General at the Treasury Buildings, Calcutta, at noon (Calcutta time), on Wednesday, the 9th July next, and those received under the terms of note (1) to clause 4 will be similarly opened by the Accountants General at Madras, Bombay, Allahabad, and Lahore at the local time corresponding to noon (Calcutta time), on the same day; but the contents of the tenders will not be disclosed otherwise than as provided in clause 12.

11. Tenders at rates not below the minimum rate will be accepted in the order of the rates tendered, beginning with the highest rate. The amount allotted at the lowest rate at which tenders are accepted will be divided amongst those who have tendered at this rate in proportion, as nearly as may be found convenient, to the amounts of their tenders; provided that no allotment will be issued if the amount distributable on any tender is less than Rs. 100: preference will however be given to small tenders, not exceeding Rs. 2,000, at the lowest accepted rate, such tenders receiving allotments in full as far as possible.

Allotment-Certificates.

12. To each tenderer (or to his agent) whose tender is accepted in whole or in part, such number of allotment-certificates as may be necessary to make up the aggregate amount allotted to him will be issued by the Comptroller General[1] as soon as possible after the 9th July and an alphabetical list of the names of those to whom such allotment-certificates are issued will be posted for general information at the Head Offices of the Banks of Bengal, Madras, and Bombay, and at the Branch Offices of the Bank of Bengal at Allahabad and Lahore.

[1] For tenders received by the Accountant General at Madras, Bombay, Allahabad, or Lahore, and payable at those places, the Accountant General will issue the allotment-certificates.

13. If the allotment made on any tender is less than Rs. 3,000, then the whole of the allotment-certificates [after credit of the deposit under clause 8 (*a*)] will be made payable upon the 21st August.

Otherwise the whole amount of each allotment will be divided into three instalments as follows:

Instalment I.—As near as convenient to 35 per cent., but not exceeding 35 per cent., payable upon the 22nd July:

Instalment II.—As near as convenient to 35 per cent, but not exceeding 35 per cent., payable upon the 21st August:

Instalment III.—The balance payable upon the 10th September:

and allotment-certificates will be issued for each instalment separately.

NOTICES.

No. 1—10-9-1901.—The *Mysore Gazette* is published at Bangalore every Thursday. Application for the supply of the Gazette on *Public Service* should be addressed to the Secretary to the Government of Mysore, General and Revenue Departments. Postage is not charged for places within the Mysore Province. All subscriptions and advertisement charges must be paid *in advance* to the Compiler of the *Mysore Gazette.*

No. 2—10-9-1901.—Much inconvenience is caused in this office by subscribers not giving their full and correct addresses, and writing illegibly on the money order coupons, which are unfit for record.

No. 3—10-9-1901.—It is notified that as all Taluk Treasuries are authorized to receive subscriptions for the Gazette, money orders sent to this office will not be received, except from outside the Province.

No. 4—10-9-1901.—Communications on post-cards or on paper less than half a sheet of foolscap will not receive attention.

No. 5—1-10-1901.—An efficient system of check and counter-check is maintained over the despatching of Gazette copies forwarded through Post. No responsibility will be accepted when copies miscarry, or are not delivered to addressees, and such losses will not be replaced by duplicate copies.

No. 6—1-10-1901.—Complaints regarding non-receipt of the Gazette should be forwarded to the undersigned within a week after the date on which it is due.

No. 7—15-10-1901.—Copy is sometimes sent to the Press late on Wednesday evenings for publication in the next day's Gazette. This involves considerable inconvenience to the Press and expense to Government. It is therefore notified that all matter intended for publication in Parts II, III and IV should reach this office not later than Tuesday evening; and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

No. 8—15-10-1901.—It is requested that Departments will refrain from sending to the Press any matter for publication as extremely urgent later than 12 noon on Tuesdays when such matter can without inconvenience be held over for the next week's Gazette.

No. 9—15-10-1901.—Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting, causing inconvenience to the Press and waste of money. It is therefore requested that when spare copies are wanted, a note to that effect, stating the number of copies, be made at foot of such notification, etc.

No. 10—15-10-1901.—If no instructions, either at foot of notifications, or separately by docket, accompany any matter, it will be printed in the language in which it is written, and published only once.

FINANCIAL DEPARTMENT

ACCOUNT CURRENT DEPARTMENT.

To—All Deputy Commissioners, Treasury Department of Districts.

No. 1988—730, *dated* 11*th January* 1902.

It has often been noticed that in the case of payments into Treasuries by Public Works Officers there have been differences between the figures shown in the Public Works Accounts as paid into Civil Treasuries and those shown in the Treasury Accounts under Public Works Remittances. The reasons for such differences apparently are either :—

(1) payments or parts of payments shown in the Public Works Accounts as made during a month have not been credited in the Taluk Treasuries during the same month on the score of their having been made after the prescribed date ; or

(2) sums remitted by the Public Works Department for credit to particular heads *such* as contribution, etc., have been credited in the Treasuries by mistake to Public Works Remittances and *vice versa* ; or

(3) both.

As it is desirable that such differences should be traced and adjusted immediately, the undersigned has the honor to request that Deputy Commissioners, Treasury Department of Districts will be so good as to explain briefly, in the column of remarks of the statement of Public Works Remittances now being sent in monthly with the Treasury Accounts, the cause of the difference with particulars as to amounts, etc.

This information can be easily obtained from the chalans filed in the Treasuries. District Treasury Officers may, however, arrange to get monthly from the Taluk Treasuries, particulars of such of the amounts as have been paid into after the prescribed date.

A statement of such differences from July to November 1901 may kindly be sent in early.

NOTICES.

No. 1—10-9-1901.—The *Mysore Gazette* is published at Bangalore every Thursday. Application for the supply of the Gazette on *Public Service* should be addressed to the Secretary to the Government of Mysore, General and Revenue Departments. Postage is not charged for places within the Mysore Province. All subscriptions and advertisement charges must be paid *in advance* to the Compiler of the *Mysore Gazette.*

No. 2—10-9-1901.—Much inconvenience is caused in this office by subscribers not giving their full and correct addresses, and writing illegibly on the money order coupons, which are unfit for record.

No. 3—10-9-1901.—It is notified that as all Taluk Treasuries are authorized to receive subscriptions for the Gazette, money orders sent to this office will not be received, except from outside the Province.

No. 4—10-9-1901.—Communications on post-cards or on paper less than half a sheet of foolscap will not receive attention.

No. 5—1-10-1901.—An efficient system of check and counter-check is maintained over the despatching of Gazette copies forwarded through Post. No responsibility will be accepted when copies miscarry, or are not delivered to addressees, and such losses will not be replaced by duplicate copies.

No. 6—1-10-1901.—Complaints regarding non-receipt of the Gazette should be forwarded to the undersigned within a week after the date on which it is due.

No. 7—15-10-1901.—Copy is sometimes sent to the Press late on Wednesday evenings for publication in the next day's Gazette. This involves considerable inconvenience to the Press and expense to Government. It is therefore notified that all matter intended for publication in Parts II, III and IV should reach this office not later than Tuesday evening; and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

No. 8—15-10-1901.—It is requested that Departments will refrain from sending to the Press any matter for publication as extremely urgent later than 12 noon on Tuesdays when such matter can without inconvenience be held over for the next week's Gazette.

No. 9—15-10-1901.—Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting, causing inconvenience to the Press and waste of money. It is therefore requested that when spare copies are wanted, a note to that effect, stating the number of copies, be made at foot of such notification, etc.

No. 10—15-10-1901.—If no instructions, either at foot of notifications, or separately by docket, accompany any matter, it will be printed in the language in which it is written, and published only once.

Notification No. 897—6666, *dated* 27*th December* 1901.

1. To ensure the continuity of the supply of Electrical Power to the Gold Fields from the Cauvery-Power-Works during the hot weather, when it is apprehended that the quantity of water in the river might in years of short rainfall, fall below what is necessary to generate the full power, the Government hereby authorize the Superintendent of the Cauvery Power Scheme Works to shut off the hot weather supply to the Mahadevamantri or Holesal Channel from 1st March to 1st June of each year, (commencing from the 1st March 1902), should necessity for such a course arise, without any previous notice of the same being given to the raiyats concerned.

II. Knowing that the supply in the above channel might be cut off at any time during the summer months, *viz.*, from 1st March to 1st June, without any previous notice, the raiyats in future will either cease to cultivate during the above period, or do so at their own risk, and the Government will not consider itself liable for any compensation.

III. The Superintendent, Revenue Survey, will be requested to reduce the present assessment on the lands in question to such an extent as to cover the period for which water may not be available.

INSURANCE.

Circular No. 35.

To—All District Magistrates, the Special Magistrate, Kolar Gold Fields, and the City Magistrates of Bangalore and Mysore.

That as the official designation "Magistrate" is often omitted to be added to the signature of Magistrates and their seals seldom affixed in attesting copies of a horoscope or other document produced by proposers for life insurance, the Secretary to the State Life Insurance Committee requests that, in future, whenever such copies are presented for attestation, the Magistrates will be so good as to state invariably that it is a "true copy of the original" under his seal and signature with the designation "Magistrate" added.

The District Magistrates are requested to be so good as to issue needful instructions to all their subordinate Magistrates.

E. R. SUBROYER, *Secretary, Insurance Committee.*

NOTICES.

No. 1—10-9-1901.—The *Mysore Gazette* is published at Bangalore every Thursday. Application for the supply of the Gazette on *Public Service* should be addressed to the Secretary to the Government of Mysore, General and Revenue Departments. Postage is not charged for places within the Mysore Province. All subscriptions and advertisement charges must be paid *in advance* to the Compiler of the *Mysore Gazette.*

No. 2—10-9-1901.—Much inconvenience is caused in this office by subscribers not giving their full and correct addresses, and writing illegibly on the money order coupons, which are unfit for record.

No. 3—10-9-1901.—It is notified that as all Taluk Treasuries are authorized to receive subscriptions for the Gazette, money orders sent to this office will not be received, except from outside the Province.

No. 4—10-9-1901.—Communications on post-cards or on paper less than half a sheet of foolscap will not receive attention.

No. 5—1-10-1901.—An efficient system of check and counter-check is maintained over the despatching of Gazette copies forwarded through Post. No responsibility will be accepted when copies miscarry, or are not delivered to addressees, and such losses will not be replaced by duplicate copies.

No. 6—1-10-1901.—Complaints regarding non-receipt of the Gazette should be forwarded to the undersigned within a week after the date on which it is due.

No. 7—15-10-1901.—Copy is sometimes sent to the Press late on Wednesday evenings for publication in the next day's Gazette. This involves considerable inconvenience to the Press and expense to Government. It is therefore notified that all matter intended for publication in Parts II, III and IV should reach this office not later than Tuesday evening; and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

No. 8—15-10-1901.—It is requested that Departments will refrain from sending to the Press any matter for publication as extremely urgent later than 12 noon on Tuesdays when such matter can without inconvenience be held over for the next week's Gazette.

No. 9—15-10-1901.—Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting, causing inconvenience to the Press and waste of money. It is therefore requested that when spare copies are wanted, a note to that effect, stating the number of copies, be made at foot of such notification, etc.

No. 10—15-10-1901.—If no instructions, either at foot of notifications, or separately by docket, accompany any matter, it will be printed in the language in which it is written, and published only once.

Notification, dated 31*st January* 1902.

It is hereby notified that the right of felling and removing (subject to the following conditions) 250 Simê Tangadi (*cassia florida*) trees in the Revenue Plantation at Malur, from 5th March to 30th June 1902, will be sold by public auction by the District Forest Officer, Kolar, or other officer who may be deputed by him, in the said Revenue Plantation on Wednesday the 5th March 1902.

(2) The sale is subject to the confirmation of the Deputy Commissioner, Kolar District.

(3) The District Forest Officer or other officer holding the sale reserves to himself the right of accepting or rejecting any bid without assigning any reason for the same, and if the trees are not sold, he is at liberty to dispose them off to any person and in any manner he might deem fit.

(4) The highest bidder shall, immediately on the sale being knocked down to him, pay one-fourth of the purchase money, failing which, the trees are liable to be re-sold at once at his risk and he will be bound to make good all loss which may arise thereby and the same shall be recovered as a revenue demand; but he shall not participate in any profit. The balance of the purchase money shall be paid within one week from the date on which the confirmation of the sale may be intimated to him, failing which, the one-fourth deposit already paid shall be forfeited to Government and he shall lose all his claims to the trees. On paying the full amount he will be required to execute a mutchalika binding himself to the following conditions, in the absence of which, the purchaser will not be permitted to fell trees:—

(1) The felling and removing of trees shall be finished before the end of June 1902, and in the event of this not being done, the money already paid shall be forfeited to Government as also the right of felling and removing the wood after that date.

(2) Only trees numbered and marked shall be felled and they shall be cut flush with the ground as far as practicable. If any trees are indiscriminately hacked by the contractor further fellings and removal of fuel from the plantation shall be stopped until all bad work, such as leaving stools higher than 3 inches, etc., is rectified.

(3) Cart carrying fuel from the plantation shall be covered with passports which will be granted on the spot by the Range Officer of the Malur Range.

(4) No fuel shall be carted from the plantation or through any portion thereof on any day before sun-rise or after sun-set.

Circular No. 35.

To—All District Magistrates, the Special Magistrate, Kolar Gold Fields, and the City Magistrates of Bangalore and Mysore.

The District Magistrates are requested to be so good as to issue needful instructions to all their subordinate Magistrates.

No. 3—10-9-1901.—It is notified that as all Taluk Treasuries are authorized to receive subscriptions for the Gazette, money orders sent to this office will not be received, except from outside the Province.

No. 4—10-9-1901.—Communications on post-cards or on paper less than half a sheet of foolscap will not receive attention.

No. 5—1-10-1901.—An efficient system of check and counter-check is maintained over the despatching of Gazette copies forwarded through Post. No responsibility will be accepted when copies miscarry, or are not delivered to addressees, and such losses will not be replaced by duplicate copies.

Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit will be credited to Government.

6. The license to be taken out under para 4 above, shall be subject to the following conditions, namely :—

(1) The amount for which the privilege has been purchased shall be payable into the Taluk Treasury on the prescribed challan in equal monthly instalments commencing from July 1902; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month on the challan prescribed for the purpose. If such amount be less than Rs. 12, it shall be paid up in not more than three instalments. The deposit of two months' rent made by the licensee will be taken in payment of the rents due for the last two months of the period of the license. Failing payment by the 20th of the same month, the Deputy Commissioner shall at once proceed to recover the arrears together with interest at 6 per cent under the rules in force for the collection of land revenue. No remission or abatement of the rent shall, on any account whatever, be claimable by the licensee.

(2) The Ganja sold by the licensee, shall be of good quality and unadulterated, and it shall be sold by him at the prescribed price of Rs. 5 for a seer of 80 tolas of Ganja and of Rs. 1-10-8 for a seer of Majum; and the whole stock of Ganja and Majum on hand shall be kept in the licensed shop and not elsewhere on any pretext whatever without special permission.

(3) The licensee shall use such scales and weights as may from time to time be prescribed by Government, and provide himself with the printed forms of accounts and permits or passes for transport of Drugs, which forms shall be purchased from local Excise Officers.

(4) The licensee shall be bound to take over any Drugs which may remain as stock in hand belonging to the out-going licensee on the 1st July 1902 in the existing shop, paying to the latter such compensation for the same as may be fixed by the Deputy Commissioner.

(5) The licensee shall be bound by the rules in force, and by such further rules as may be issued from time to time by Government.

(6) The remaining terms and conditions shall be as set forth in the prescribed license.

7. In the case of any breach of the above conditions either by the licensee, or with his connivance and privity, by any person in his employment, or in the event of the licensee neglecting to open his shop or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding Rs. 10 for every such breach or neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license and to re-sell or to otherwise dispose of the privilege at the risk of the licensee; and all loss thereby caused, together with the loss accruing to Government in consequence of the licensee not carrying on his business by opening his shop on 1st July 1902 shall be made good by him. When a license is cancelled, the rent for the whole period of the license shall become due at once, which shall be recovered together with all losses as if they were arrears of land revenue.

8. The penalties laid down in the last preceding clause shall not exempt the licensee or his employees from prosecution for any offence committed against the Excise laws or rules in force.

Official Members.

1. Mr. P. S. Atchyuta Rao, Civil Surgeon, Mysore.
2. „ Harry J. Molloy, Executive Engineer.

Non-Official Members.

1. Mr. K. Shamaiengar of Mandya.

1. Read Government Proceedings No. 8269—L. F. 39-99, dated 29th November 1901, relating to the objection taken by Government to the heavy expenditure incurred over the sanctioned allotments in the District Fund budget of the Bangalore Circle for 1900-01.

Resolution.—Recorded.

2. Read docket No. 738, dated 15th September 1901, from the Civil Surgeon, Mysore, regarding the countersignature of a bill for Rs. 18-13-11 being the pay of Tavamaniyamma, permanent midwife of Malvalli, from 1st April to 8th May, during which time she was on privilege leave, her pay sanctioned in the budget for the above period having been disbursed to the acting incumbent who was sent by the Civil Surgeon to act for the said midwife without a requisition from this office.

Resolved that the bill be countersigned and forwarded to the Civil Surgeon and that the District Fund share, *viz.*, half the amount Rs. 9-7-0 may be met from the provision of Rs. 75 provided under IV(3) Medicines and appliances in the current year's District Fund budget; and the remaining half from Municipal Funds, to be provided in the supplemental budget of the Malvalli Municipality, and that the Civil Surgeon be requested not to send midwives in future to act for permanent incumbents without a requisition from this office, to avoid exceeding budget allotments.

3. Read dockets Nos. 1019, 1020 and 1047, dated 16th December 1901, respectively, from the Executive Engineer, French Rocks Division, regarding the provision of Rs. 593 required during the current year for the special repairs of the following roads:—

	Rs
(1) Tumkur-Maddur road	141
(2) Lingaraja Chattra-Kallahalli road	189
(3) Maddur-Koppa railway feeder road	263

Resolved that as the rainy season is over and no provision exists for such special works in the sanctioned budget for the current year, the works be postponed till next year for being carried out from the provision for the annual repairs of District Fund roads.

4. Read statement of budget estimates of receipts and expenditure for the year 1902-03.

5. The estimated opening balance for the year is Rs. 5,825.

6. The receipts are estimated at Rs. 42,681 against Rs. 42,020-14-3, the actuals for the year 1900-01. The slight increase noticeable under 76 per cent of the one-anna cess is due to the corresponding increase of local cess based on the jamabandi figures. The smaller differences in the estimates of other items being of a fluctuating nature, do not call for any explanation. The total receipts, therefore, including opening balance, come to Rs. 48,506.

7. The Executive Engineer did not attend the meeting nor sent in his proposal of expenditure for the year as promised in his docket No. 10, dated 7th January 1902.

A. Public Works to be executed by Public Works Department.

8. *I. Original Works.*—On account of the insufficiency of funds no provision can be made for any such work.

9. *II. Repairs.*—The Board was consulted as to the allotment of funds required for the annual maintenance of the several District Fund roads. For want of funds, some of the members proposed that a reduction be made in the rates of mileage as in the current year, while the majority of them were of opinion that the usual rates should be passed to preserve the roads in good trafficable condition Accordingly the usual provision of Rs. 22,995 has been made. This together with the establishment charges and cost of tools and plant amounting to Rs. 4,024 and Rs. 115, respectively, brings the total expenditure to Rs. 27,134.

B. Public Works to be executed by Revenue Officers.

10. *I. Original Works.*—Malvalli is an important place, being the head-quarters of a taluk. Merchants from Kollegal, who trade in silk, and travellers moving up and down these places find it most convenient to break journey at Malvalli as it is midway between Kollegal and Maddur, but for want of accommodation at Malvalli are obliged to go straight to Maddur or Kollegal at one stretch. The Board in every one of its meetings for the last three years has been proposing to construct a musafirkhana, without avail, as the funds did not permit of the proposal being favorably considered. But as the reductions effected during the current year have enabled the Board to show plus balance against debit balances of previous years, the Board resolved to make a provision of Rs. 3,000 for this very useful work, the want of which has been long felt. Hence the allotment.

11. *II. Repairs.*—In addition to usual allotment an increased provision of Rs. 200 is made for the maintenance of the 4 miles of the completed portion of the Nagamangala-Bindiganavale road, at Rs. 50 a mile, which was sanctioned in Government Proceedings No. 16765-6—L. F. 32-97, dated 22nd June 1898, and Rs. 1,000 is also provided for the construction and repairs of cattle pounds.

12. The total provision therefore under (B) comes to Rs. 5,791 including establishment charges and tools and plant.

13. The usual civil charges amount to Rs. 8,875.

14. Thus the total expenditure under all the items is Rs. 41,800. This deducted from the receipts leaves a balance of Rs. 6,706 at the end of the year.

15. Read Deputy Commissioner's yadi No. 1366—573, dated 27th November 1901, forwarding extract from the subject of the Dasara Representative Assembly regarding the opening of a road from Malvalli to connect the Seringapatam-Sivasamudram road at Purigal.

Resolved that as funds do not permit of this work being undertaken just now, the proposal be reserved for consideration next year.

16. Mr. Srikanta Chetty proposed that a midwife for French Rocks is absolutely necessary in the interest of the public. The other members unanimously supported the proposal.

Resolved therefore that early sanction of Government be obtained therefor. The expenditure may, as usual, be met both from District and Municipal Funds in equal proportions.

17. Read docket No. 748, dated 12th September 1901, from the Executive Engineer, French Rocks Division, regarding the excess expenditure over the sanctioned budget allotments for 1900-01. Read also Government Proceedings No. 9878-81—L. F. 43-99, dated 21st December 1901, sanctioning the excess expenditure of Rs. 554 incurred in the Public Works Department during the same year.

Resolution.—Recorded with the remark that a representation should be made to Government to cause all proposals involving excess expenditure of the Board's money to pass through it before their submission to Government for sanction.

1. Read second revised budget of this Local Fund Circle for the current year.
Resolved that the same be approved and submitted to Government for sanction.

2. Read budget estimates of receipts and expenditure for the year 1902-03.
Resolved that the same be approved and submitted to Government for sanction.

3. Read Government Proceedings No. 8412-20—L. F. 29-1900, dated 3rd December last, sanctioning, with certain remarks, grants from the Local Funds General for execution of certain works during the current year.
Recorded. The Amildars and Deputy Amildars concerned will take steps to complete the works within the end of the current official year.

4. Read Government Proceedings No. 8667-71—L. F. 9-1901, dated 6th December last sanctioning the revised District Fund budget estimates of this Circle for 1901-02.

Resolved that the same be noted.

8. Read Government Proceedings No. 11525-34—L. F. 40-1900, dated 11th January 1902, sanctioning, as a tentative measure, for two years, the annual grant of a reward of Rs. 10, 8, 5, respectively to servants of the 1st, 2nd and 3rd class travellers' bungalows in the State for the best kept compounds and gardens.

Resolved--ordinary travellers are put to great inconvenience for want of a rest-house at the station. The Amildar has to visit the place very often on business, with his office establishment. It is necessary that at least temporary buildings be provided to meet these requirements. The Amildar's estimate for Rs. 90 will be sanctioned.

C. Civil charges		14,596	29,486
5. Estimated closing balance			4,768

The above estimate provides Rs. 5,000 towards constructing a daily vegetable market.

3. Proposed by the President that the construction of a permanent beef slaughter-house be postponed for the present, as the Superintending Engineer, Sanitary Works, has greatly exceeded his former estimates, and the Board is unable to meet the enhanced cost. The temporary slaughter-house is also working most satisfactorily.

Carried.

4. Proposed by the Vice-President that for the present a portion of the present shandy enclosure should be converted into both daily and weekly markets, the financial position of the Board being such as not to warrant the heavy expenditure of Rs. 21,000 needed for the daily meat and vegetable market according to plan and estimate of the Superintending Engineer, being incurred.

Resolved that this proposal be given a trial and that Rs. 5,000 be set aside towards roofing in the platforms around the shandy enclosure walls so as to convert them into permanent stalls.
